

# CHARLES COMISKEY THE "OLD ROMAN" WATCHES SCANDAL SCRAP SOX

## Eddie Cicotte and Joe Jackson Confess to Throwing World's Series to Cincinnati-- White Sox Owner Suspends Seven Players Immediately Afterward.

CHICAGO, Sept. 28.—(By The Associated Press.)—Indictments were voted against eight baseball stars today and confessions obtained from two of them, when Charles A. Comiskey, owner of the oft-time champion White Sox, smashed his pennant chasing machine to clean up baseball. The confessions told how the Sox threw last year's world's championship to Cincinnati for money paid by gamblers. The indictments charge conspiracy to defraud, the maximum penalty for which is one to five years in prison and a fine of not more than \$10,000. At the close of the testimony of Joe Jackson and Eddie Cicotte they were taken into custody by deputy sheriffs.

Seven Sox regular and one former player had true bills voted against them by the Cook county grand jury and the seven were immediately suspended by Mr. Comiskey. With his team only half a game behind the league leading Cleveland Indians, the White Sox owner served notice on his seven stars that, if they were found guilty he would drive them out of organized baseball for the rest of their lives.

Officials of Justice Charles McDonald's court desisted of giving the national game the benefit of publicity in the purging, lifted the curtain on the grand jury proceedings sufficiently to show a great hitter, Joe Jackson, declaring that he deliberately just tapped the ball, a picture of one of the world's most famous pitchers, Cicotte, in tears and glimpses of alleged bribes of \$1,000 or \$10,000 discovered under pillows or on beds by famous athletes about to retire.

Around the court room at one time or another were some of baseball's greatest, among them John J. McGraw, manager of the New York Giants, awaiting a call to testify tomorrow and John Heydler, president of the National League, who went before the grand jurors this afternoon.

**Players Involved**

The exact nature of the information Mr. Comiskey put before the grand jury was not disclosed. The men whom the jury involved as a result of testimony uncovered by their owner were:

Eddie Cicotte, star pitcher, who waived immunity and confessed, according to court attaches that he took a \$10,000 bribe.

Arnold (Chick) Gandil, former first baseman.

"Shoelace" Joe Jackson, heavy hitting left fielder.

Oscar (Happy) Felsch, center field.

Charles (Swede) Risberg, shortstop.

Claude Williams, pitcher.

George (Buck) Weaver, third baseman.

Fred McMullin, utility player.

Cicotte, according to court attaches, told the grand jury he received \$10,000 from the gamblers, finding the money under his pillow when he returned to his hotel on the night before the first game at Cincinnati.

"I refused to pitch a ball until I got it," they quoted him as saying.

Jackson, it was said, testified he was promised \$20,000 by "Chick" Gandil, but received about \$5,000. Claude Williams, according to the witnesses got \$10,000.

"Old Roman" is Hard Hit

While the grand jurors voted their true bills, the "Old Roman" seated in the midst of his crumbling empire out at White Sox park issued the telegram suspending those involved, paid off Weaver, Cicotte and Jackson on the spot, and announced that checks for the pay due to the others would be sent them at once.

With his voice trembling, Comiskey, who has owned the White Sox since the inception of the American League, said this was the first time scandal had ever touched his family and that it distressed him too much to talk about it. The rush of players to bare their part in the affair started today when Cicotte appeared at criminal court building and asked permission to testify.

Cicotte wept, court attaches said and exclaimed in anguish his sorrow for his two small children as he told how he did his utmost to lose rather than win the 1919 world series after he had "found" \$10,000 beneath his bedroom pillow, where it had been placed by professional gamblers. He said he lobbed the ball to the plate so slowly "you could read the trade mark on it" in the first game at Cincinnati, when he was taken out of the box after three and two-thirds innings had been played.

Joe Jackson received \$5,000.

# HARDING ACCORDED GREAT RECEPTION IN WEST VIRGINIA

## Has Preached Gospel of Americanism All His Life

WHEELING, W. VA., Sept. 28.—Speaking to a large crowd tonight, Senator Warren G. Harding laid down a policy of government economy and strict business administration.

From the time of his arrival here in the early afternoon, the Republican nominee was besieged by throngs and previous to his evening speech he made a short talk denouncing one-man government before a crowd in the streets about his hotel.

Earlier in the day he had spoken to five crowds that gathered around his private car as it came across West Virginia. In a reference to the crowds which came to Wheeling to hear him, Senator Harding told his auditorium audience why he had preferred the front porch campaign.

Gospel of Americanism

"It wasn't because I didn't desire to come to you and preach the gospel of Americanism from the Republican standpoint," he said. "I've been doing that all my life, that's why I'm a nominee for president. But I chose to speak from the front porch over at Marion for the reason that I have encountered here at Wheeling today."

"I didn't like to disappoint anyone. When I come to your city I find the tide of Republicanism running high and there are 30,000 people in Wheeling who want to hear the gospel of Republicanism as I delight to preach it; but only about five thousand of us can crowd in here."

"One thing I could do in Marion was that I could talk to virtually all of the American people thru the medium of the great American press."

American People Have Heard

"I think the American people have heard—I know they have heard—in Maine—and I think they have heard everywhere and they have resolved we ought to do two things, first, to put our own house in order, and then let the world know that we can manage our own affairs."

Declaring that Democratic extravagance had brought the nation to the brink of financial disaster the senator said that the Republican party proposed to inaugurate a policy of economy and efficiency that would put the whole federal government on a sound business basis.

The Republican presidential nominee quoted treasury department figures to support his charge of unwarranted expenditures and asserted that one effect of the administration's proposal for a new issue of treasury certificates would be to further handicap the money market and to increase the cost of living.

He accorded President Wilson for his veto of the budget bill passed by the last Republican congress and promised that a budget system would be one of the first policies inaugurated by a new Republican administration.

**WANTS TO KNOW HOW  
CANDIDATES STAND**

NEW YORK, Sept. 28.—Senator Harding and Governor Cox, Republican and Democratic nominees have been asked by Daniel A. Polling, president of the National Temperance council, "Whether, if elected you will use your official power to prevent the weakening of the prohibition laws now in effect and your appointive power for their enforcement."

Moved, he said by the discussion of the last few days, which has clouded the issue, Mr. Polling telegraphed his question to the two candidates in the name of the temperance council and Christian Endeavor.

**CLUBS WILL DECIDE ON  
DIVISION OF PRIZE MONEY**

Chicago, Sept. 28.—At its meeting here today the National Commission decided that the contentions of the world's series shall appoint a committee on each club which committee shall decide how the prize money in the world's series shall be distributed among the players.

The commission named Klem and O'Day from the National League and Connolly and Dineen from the American as the umpires for the world's series.

**CUT SHIP YARD  
PAY ROLL**

Washington, Sept. 28.—A cut in its personnel of 3,324 employees resulting in a decrease in the payroll of \$5,530,372 during the fiscal year of 1920 was announced tonight by the shipping board. On July 1, 1919, the board stated its employees all over the country numbered 11,706 with an annual payroll of \$22,299,676 and on July 1, 1920 there were 8,382 employees with a payroll of \$16,769,304.

# OFFICIAL COUNT OF COOK COUNTY BALLOTS COMPLETED

## Small Leaders Claim His Nomination by Over 3,000

CHICAGO, Sept. 28.—The official count of ballots cast in Chicago in the Illinois primary was finished today but no announcement will be made before next Monday, it was announced. Unofficial, but complete, tabulations showed little change over previous announcements.

Unofficial returns give Small, the Thompson faction candidate for the Republican nomination for governor a plurality of 90,841 in Cook county. Oglesby, the Lowden candidate, according to unofficial returns, carried the rest of the state by 87,640. These figures give Small a plurality of 2,301 for the entire state. Figures in about 200 Chicago precincts still are being disputed by anti-Thompson leaders, but their probable action to institute a contest on these precincts has not been outlined, it is said.

# AMERICAN LEGION AGAIN DEBATES LABOR QUESTION

## Will Observe Strict Neutrality as to Or- ganized Labor

CLEVELAND, O., Sept. 28.—The second annual convention of the American Legion in session here today underwent a barrage of resolutions and committee reports and when adjournment was taken this evening after a nine hour session there were several committees to be heard, reports of which will be brought up tomorrow morning.

The stand of the legion in regard to organized labor was not mentioned in the report of the committee on resolution however, a minority report was submitted which recommended that the American Legion reiterate its well known position, that it has no participation in controversies between capital and labor.

The American Legion is not opposed to organized labor when it conducts itself, which we believe it normally does to comply with law and order.

Discussion of Labor.

After a heated discussion the report was amended so that the last sentence was eliminated. Still the debate was continued and a substitute for the minority was presented stating "That this convention endorse the statement recently issued by the national commander, Franklin D'Olier and accepts that statement as the legion's interpretation of its position in relation to organized labor."

The attitude of the national commander has been that strict neutrality in matters having to do with organized labor. This strict neutrality is what all factions wanted the bone of contention being as to whether or not it should be read into the records.

The stand of the legion regarding politics was not brought up today. The chairman of the committee on constitutional amendments reported that they had not reached a decision on this question, but would bring it in tomorrow.

**Sympathize With President.**

A resolution submitted to President Wilson expressing sincere sympathy for him in his present suffering affliction and reiterated to him our unalterable determination to support and uphold unswervingly the principles and constitution of our country."

It was adopted by a rising vote.

Just as the poppy had been adopted as the memorial flower of the American Legion, General Fayolle and his party entered the convention hall. Five minutes of cheering interrupted the meeting and the national commander declared the regular order of business temporarily suspended.

Francis E. Drake, commander of Paris Post No. 1, introduced General Fayolle. The general then said in part:

"I am acquainted with the high aims of your association and with the great mission the American Legion has assumed. It intends to keep plausibly the glorious remembrance of the dead, to help thru life all those who came out of the fight for liberty and to keep in all hearts the sacred love for your own country."

After telling of the closeness of the two countries of America and France the general said:

"As long as France and America remain united, who indeed, would attempt henceforth to disturb the peace of the world."

General Leonard Wood also addressed the delegates.

**HEAVY SHIPPING  
BUSINESS FOLLOWS FOG**

New York, Sept. 28.—Sudden lifting early this morning of the fog which for three days hung over the harbor resulted in one of the heaviest days in shipping that New York has ever experienced. More than sixty arrivals were reported by marine observers at Quarantine—many of the ships having been delayed from 48 to 70 hours.

**JACKSON IDOL OF  
CHICAGO KIDS**

CHICAGO, Sept. 28.—When Joe Jackson left the criminal courts building in custody of a sheriff after telling his story to the grand jury he found several hundred youngsters, ranging in age from 6 to 16, waiting for a glimpse of their former idol.

One little urchin stepped up to the outfielder and, grabbing his coat sleeve, said:

"It ain't true, is it, Joe?"

"Yes, kid, I'm afraid it is," Jackson replied.

The boys opened a path for the ball player and stood in silence until he passed out of sight.

"Well, I'd never have thought I'd signed the lad who had 60 stopped Jackson."

# VERDICT OF GUILTY RETURNED BY JURY IN BERGDOLL CASE

## Mrs. Bergdoll and Four Co-Defendants are Found Guilty of Conspiracy—Have Been Released on Bond Pending Motion for New Trial—Pity and Sympathy no Excuse

PHILADELPHIA, Sept. 28.—Mrs. Emma C. Bergdoll and her co-defendants were found guilty tonight of conspiracy to aid two of her sons, Grover and Edwin to evade the draft. The verdict was returned before Judge Dickinson in the United States District Court.

The case was given to the jury before noon today but it was after 8 o'clock tonight before they reached a verdict. Mrs. Bergdoll, her son, Charles A. Braun and former magistrate James E. Romig were found guilty on every count under which they had been indicted. Albert S. Mitchell and Henry Schuh were acquitted on the indictments in which they alone were defendants, but found guilty with a recommendation for mercy on the joint bills.

Released on Bond

On application of their counsel the defendants were released on \$10,000 bonds each pending a motion for a new trial.

In two of the indictments all five defendants were charged with conspiring with Grover and Edwin Bergdoll to assist them in evading the draft. The other five indictments charged each defendant separately with conspiring with the Bergdoll brothers to evade the draft.

In his charge Judge Dickinson said:

"It is too much to expect any mother to surrender her own son."

Then he added:

"Pity and sympathy for a deserter are no excuse for harboring a deserter or aiding his escape." The question that faced the jury, he said, was whether the defendants conspired to block the recruiting of an American army by keeping Grover and Edwin out of a uniform.

**AERO COMMITTEE  
DENIES STATEMENT**

New York, Sept. 28.—The contest committee of the Aero club of America, in a statement today, repudiated as unauthorized and deplorable, charges that unfair attempts were made to eliminate the American aircraft in the Gordon Bennett race at Etampes.

Claude R. Collins, president of the aviators' club of Pennsylvania in making public yesterday cablegrams sent by him and C. Anderson Wright, president of the Aero Club of Texas, asking that another field be selected and rules modified, had asserted that "for some time it had been believed that foul means were being taken by foreign entrants to keep America from lifting the trophy."

"Messrs. Collins and Wright implied the French resorted to unsportsmanlike methods but we have no evidence to sustain this," the Aero club's announcement said.

**WORKING OUT  
BUILDING PLAN**

Chicago, Sept. 28.—The National Industrial Congress of building and construction, formed here yesterday, today had its steering committee actually working to promote a building campaign thruout the country and materially decrease the existing shortage of homes.

The avowed purpose of the congress is to bring together every element concerned in building, including contractors, material men, architects and labor and get them all working in harmony.

**BULLETINS FROM HERE AND THERE**

BELFAST, Sept. 28.—Two civilians were shot dead and a number of persons were wounded during a clash between soldiers and a crowd on the Falls Road late today.

SPRINGFIELD, Ill., Sept. 28.—Sudden release of a window brace holding a scaffold at the third story of the new First National Bank Building here late today plunged James Dillbeck, 50, to his death on the sidewalk. He was a bricklayer. A widow and seven children survive him.

CHICAGO, Sept. 28.—Twenty-two hotel owners today agreed to cut their restaurant prices from 25 to 33 1/3 per cent. Vegetables, fruits and cereals will cut the most.

CHICAGO, Sept. 28.—Fred Waller, former all-around athlete star at the University of Chicago and member of the championship football eleven of 1905 tonight was signed as assistant football coach of the University of Chicago squad. After his intercollegiate career Waller was a pitcher in the major leagues. Later he was coach at Williams College.

BOSTON, Sept. 28.—The prediction that the Farmer-Labor party would win presidential elections in several states a year and that in 1924 it would be the major political party made by Parley P. Christ, the party's candidate for president in an address at the man's city club today.

The wet and dry issue will not down in the present campaign and sooner or later the position of Candidate Cox must be made known with reference to the Volstead act. Thus far the candidate has succeeded in evading the questions propounded. His answer that "the liquor question is as dead as slavery" has caused the Indianapolis News to say that "the liquor issue will stay dead just as long as the dry supporters sit on its grave."

When the war came on and insurance was provided by the government for men in the army service, many insurance men thought their business had been seriously injured. But it is one of the strange facts of record that the business increased and today more insurance is being written than ever before. The government's

insurance provisions make the finest kind of advertising.

Edward Bok in his book reveals the fact that Theodore Roosevelt was the author of a series of articles which appeared in the Ladies one Journal unidentified. It was a department for men, conducted in the vigorous style which always marked Mr. Roosevelt's writings.

## KEEP THE MILITIA ALIVE

Young business men of Jacksonville are very much in earnest over the local militia project. The company here must be reorganized or disbanded. There are not now half enough men on the roll to meet national guard requirements. It will be decided today or tomorrow whether or not the militia company here lives. This is a matter of more than passing concern to the community. Young men should look into the situation as it exists and they will find that a duty confronts them. The state needs its military organization and that cannot be maintained without definite co-operation from the young men of the various cities of the state.

Aside from this, the question is of interest to the people of Jacksonville because the possibility of

securing an army here is inseparable from the existence of a military company. The building of an armory means the providing of a coliseum or assembly hall. That certainly is a project in which every Jacksonville resident has interest.

## COMISKEY THE NOBLEST ROMAN OF THEM ALL

The thousands who will read today the story of certain players of the Chicago White Sox, telling how they threw the world's series in 1919 to Cincinnati will sympathize deeply with Charles Comiskey, the owner of the team.

For nearly two decades the name of Charles Comiskey has stood as a synonym of all that was best in the great national game. Starting as a player with the old St. Louis Browns when they were owned by Chris Von Der Ahe, he early developed that talent which has since made him one of the greatest baseball men in the country.

Comiskey was a first baseman and back in the early eighties he introduced the style of playing the initial sack that is in vogue today. Associated with him on that team were Bobby Carruthers, Dave Foutz, Doc Bushong, Boyle Gleason, Latham, Nicol, Curt Welch and others.

This team made up of players whose ability would make them stars even in the present day, won several pennants in the old American association and defeated Anson's famous White Sox for the world's championship in 1885. Comiskey was captain of the team and it may be truly said it was one of the most popular teams that ever stepped on a diamond. Despite the ability of the players it is probable that Comiskey today is paying several individual players more salary than was drawn by the entire St. Louis team of that year.

After Comiskey left the Browns he played for several years and finally blossomed forth as a manager. When the American league was formed he was one of the main cogs in the organization and secured the franchise for Chicago.

He had a hard fight to establish himself against the famous Cub team but kept everlastingly at it and never hesitated to spend money to give his patrons the best there was in baseball.

When he built the South Side park it was the model park of the country. The many new parks have since been built none surpass the present home of the White Sox.

A few years ago Comiskey in his desire to give his patrons a winning team paid \$50,000 for Eddie Collins. It was an unheard of price at that time but it was a good investment as has since been proved. Many other players were purchased for high prices, among them Joe Jackson one of the players who confessed that he helped throw the world's series to Cincinnati.

Tuesday Charles Comiskey, sportsman and honest baseball player sat in his office at the South Side park and heard the

story of crooked baseball unfolded that meant the wrecking of his wonderful baseball machine. A machine built up with years of endeavor and the lavish expenditure of money.

But Charles Comiskey, still the honest sportsman, wrecked his team with the same courage that he built it. With tears nearly starting from his eyes and his voice trembling with emotion the "Old Roman" of baseball said he could not talk of the great calamity that had come to his baseball family.

But he immediately suspended seven of the leading players of his team and paid off three of them. Comiskey has always been true to his baseball public. He has always dealt with them honestly and believes that today baseball is the greatest game on earth. He will purge it of the cancer that threatens its existence, even to the driving out of baseball forever every man who has been proved crooked whether or not they are members of his team.

## Rippling Rhymes By Wait Mason

## THE GOSSIP.

I burn some gossip-sticks every night, and as they burn I say, "Preserve me from evil plight that Jinks is in this day!" For Jinks possessed the gossip's tongue, and every spiteful tale by him was far and farther flung, until the lie grew stale. With him a slander and a grin was sure to make a hit, and baseless rumor seemed to him like proofs of holy writ. A man may thus traduce his friends in safety for a time, but soon or late his effort ends in carnivals of crime. And Jinks passed on some vicious yarns, as he was prone to do, concerning J. Adolphus Barnes, which tales were far from true. Alas, alas, my spirit shrinks from setting down this line; for J. Adolphus climbed on Jinks and skated down his spine. This J. Adolphus is a gent of mighty bones and thews, and when he for his victim went steel spikes were in his shoes. And Jinks, to spread his gossip vain, all tied in sailors' knots. The doctor says he's but a wreck, who once wild rumors chased; his arms are wound around his neck, his legs around his waist. No neighbors seek his humble cot to say that Barnes was wrong; and people cry, "He merely got what he's invited long."

## OLD JACKSONVILLE

## SOME JACKSONS

By Ensley Moore

(Member Illinois State Historical Society)

Not long ago, the Journal noted the presence here of Charles E. Jackson. This was a reminder of his father.

James Jackson, the latter was born at Guilford, C. H., North Carolina, in April, 1807, and died here April 11, 1880.

James Jackson's father came to Indiana in 1812, and in Putnam county, near Greencastle, James grew to manhood. He studied and gained some education there. In 1832 he came to Morgan county where he taught school for a time. He came to Jacksonville, for permanent residence, in 1835, where for nearly half a century, he has lived an upright citizen, useful and honored. In religious association he was with the Methodists.

He was first a clerk for Ira Davenport for about five years. Thereafter he was in business, as clerk or for himself, for about twenty years, in 1843.

He married Miss Miranda F. Babb, "who will be remembered by many citizens as a lady of lively character and person; this happy relation was terminated in 1848 by the death of his wife, leaving two infant children, Charles E., and Louis H., who are living and residents in Iowa."

Later on Mr. Jackson married Miss Melinda Wilhoit, by whom he had five children.

Mr. Jackson became a member of the I. O. O. F., and was prominent enough to become State Treasurer for ten successive terms, resigning upon his temporary removal to Iowa, in 1864.

He was also treasurer of the Board of Trustees of the Hospital for the Insane, from 1847 to 1853. During his term of office the main building was erected, the funds in silver and gold being largely carried by him.

## MISS ARTHUR TO SERVE RED CROSS

Well Equipped Executive Chosen by Local Chapter for Secretary.

The directors of the Red Cross chapter yesterday made known the appointment of Miss Clara C. Arthur of Ft. Dodge, Iowa, as Red Cross executive secretary. Miss Arthur was in Jacksonville yesterday to make "r" as for beginning her work here Oct. 8, and those who met her found her a very promising official.

Miss Arthur is a graduate of Rockford college and is qualified for the work here by special Red Cross training. During the war time she was for a number of months in canteen work in Paris, and after the signing of the armistice served in that city in the Red Cross department of claims and adjustment. In recent months she has been engaged in Red Cross work in northern Wisconsin, so she will come to her local duties exceedingly well equipped.

Miss Arthur is to carry on the work of the home service department and the work of the Red Cross peace program, and will fill the vacancy made by the resignation of Miss Norma Dawson. The new secretary comes with the highest recommendations from Direct Pierce of the educational and personnel service of the central division. The committee authorized to secure a new secretary included T. M. Tomlinson, Rev. W. E. Collins, Mrs. F. J. Heintz, J. J. Kelly and H. M. Capps, and the members of the committee feel fortunate in having secured Miss Arthur for the work here.

## YOUNG PEOPLE WERE MARRIED IN BLUFFS

Harry G. Reuter of Bloomfield and Miss Lois Batley United in Marriage Sunday—Barn Struck By Lightning—Other Bluffs News.

Bluffs, Sept. 28.—Mr. Harry G. Reuter of Bloomfield, son of Mr. and Mrs. Fred Reuter, was united in marriage to Miss Lois Batley, daughter of Mr. Emma Batley of Bluffs, at the M. P. parsonage at 3:30 o'clock p. m. Sunday. The groom is a farmer but for the present they will reside with the bride's mother, Mrs. Emma Batley.

A barn valued at \$3,000, containing about 30 tons of hay, was struck by lightning Sunday evening and burned to the ground. No insurance was carried.

Mrs. William Vannier and sister, Miss Helen Rockwood, left Sunday for east St. Louis, called there by the death of their aunt, Mrs. Elizabeth Hamman, a former resident of Scott and Morgan counties. Deceased is survived by seven children, also two brothers, George Nyhart, Plymouth, Ind.; Charles Nyhart, Bluffs, and one sister, Mrs. B. F. Rockwood, Bluffs. Funeral services were held at 10 a. m. Monday.

Miss Katherine Sappington of Exeter and John Lankford, son of Mr. and Mrs. Ewing Lankford of Bluffs, were united in marriage Wednesday of last week.

## UNION SERVICE HELD AT WINCHESTER CHURCH

Service was Welcome to New Pastor and Farewell to Departing One—Roof Fire Tuesday Afternoon—Other Winchester News.

Winchester, Sept. 28.—A union service was held at the Methodist church Sunday evening. It was arranged as a welcome to Rev. Mr. Corris, the new pastor, and a farewell for Rev. W. B. Morris who is leaving. On account of the threatening weather the attendance was not as large as would have otherwise been true, but it was an interesting service nevertheless.

Rev. and Mrs. W. B. Morris left Tuesday afternoon for Ashley, Ill., where they were called by the death of a friend. Rev. Mr. Morris will officiate at the funeral.

Mrs. William McMullen returned Monday to her home in Deer Lodge, Mont., after a pleasant visit with her parents, Mr. and Mrs. Sol Hainsfurther.

Miss Winifred Pieper returned Tuesday for a visit with friends in Decatur.

Mrs. Joe Benson arrived Tuesday from Jacksonville for a visit with relatives.

The fire department was called Tuesday afternoon to the home of Tob Claywell, where the roof was discovered to be on fire. Neighbors succeeded in extinguishing the blaze before the arrival of the department.

Mr. and Mrs. James Wainwright of Alton arrived Tuesday for a short visit with relatives.

Miss Jennie Rae of Virden is a guest at the home of Henry Higgins and family.

John Pieper and daughter, Miss Letitia, Mrs. M. W. Sappington, Miss Ethel McClure and Harry Wallace were visitors in Jacksonville Tuesday.

Mr. and Mrs. Wesley Taylor of Virden arrived in Winchester Tuesday. Mr. Taylor is installing a number of furnaces here.

## WILL TALK ABOUT SOLDIER BONUS BILL

Congressman Rainey to Address Ex-Service Men Tonight.

Congressman Henry T. Rainey has accepted an invitation from the Harrison A. Dickson Post, No. 503, Veterans of Foreign Wars, to address a meeting to be held at Woodman hall on the south side of the square tonight. All ex-service men are cordially invited to be present, as Congressman Rainey will talk on the soldier bonus bill. The session will begin at 8 o'clock.

Congressman Rainey is a member of the committee on legislation relating to soldiers and is thoroughly posted as to the bonus bill. In addition to Congressman Rainey's address, Horace H. Bancroft will speak and there will be a vaudeville feature by "Musical Kirk." The committee has announced that there will be plenty of smokes and all ex-service men are expected to attend and to bring comrades with them. Congressman Rainey is to arrive in Jacksonville about 2:30 p. m. and will speak at 8 o'clock this afternoon and will be at the Pacific.

The wet and dry issue will not down in the present campaign and sooner or later the position of Candidate Cox must be made known with reference to the Volstead act. Thus far the candidate has succeeded in evading the questions propounded. His answer that "the liquor question is as dead as slavery" has caused the Indianapolis News to say that "the liquor issue will stay dead just as long as the dry supporters sit on its grave."

When the war came on and insurance was provided by the government for men in the army service, many insurance men thought their business had been seriously injured. But it is one of the strange facts of record that the business increased and today more insurance is being written than ever before. The government's

insurance provisions make the finest kind of advertising.

Edward Bok in his book reveals the fact that Theodore Roosevelt was the author of a series of articles which appeared in the Ladies Home Journal unidentified. It was a department for men, conducted in the vigorous style which always marked Mr. Roosevelt's writings. There were many guesses as to the authorship of the articles and the wonder is that the versatile ex-president was able to conceal his name. There is no denying that the use of that name would have given the paragraphs far greater weight.

KEEP THE MILITIA ALIVE

Young business men of Jacksonville are very much in earnest over the local militia project. The company here must be reorganized or disbanded. There are not now half enough men on the roll to meet national guard requirements. It will be decided today or tomorrow whether or not the militia company here lives. This is a matter of more than passing concern to the community. Young men should look into the situation as it exists and they will find that a duty confronts them. The state needs its military organization and that cannot be maintained without definite co-operation from the young men of the various cities of the state.

Aside from this, the question is of interest to the people of Jacksonville because the possibility of

securing an armory here is inseparable from the existence of a military company. The building of an armory means the providing of a coliseum or assembly hall. That certainly is a project in which every Jacksonville resident has interest.

COMISKEY THE NOBLEST ROMAN OF THEM ALL

The thousands who will read today the story of certain players of the Chicago White Sox, telling how they threw the world's series in 1919 to Cincinnati will sympathize deeply with Charles Comiskey, the owner of the team.

For nearly two decades the name of Charles Comiskey has stood as a synonym of all that was best in the great national game. Starting as a player with the old St. Louis Browns when they were owned by Chris Von Der Ahe, he early developed that talent which has since made him one of the greatest baseball men in the country.

Comiskey was a first baseman and back in the early eighties he introduced the style of playing the initial sack that is in vogue today. Associated with him on that team were Bobby Caruthers, Dave Foutz, Doc Bushong, Boyle, Gleason, Latham, Nicol, Curt Welch and others.

This team made up of players whose ability would make them stars even in the present day, won several pennants in the old American association and defeated Anson's famous White Sox for the world's championship in 1885. Comiskey was captain of the team and it may be truly said it was one of the most popular teams that ever stepped on a diamond. Despite the ability of the players it is probable that Comiskey today is paying several individual players more salary than was drawn by the entire St. Louis team of that period.

After Comiskey left the Browns he played for several years and finally blossomed forth as a manager. When the American league was formed he was one of the main cogs in the organization and secured the franchise for Chicago.

He had a hard fight to establish himself against the famous Cub team but kept everlastingly at it and never hesitated to spend money to give his patrons the best there was in baseball. When he built the South Side park it was the model park of the country. The many new parks have since been built none surpass the present home of the White Sox.

A few years ago Comiskey in his desire to give his patrons a winning team paid \$50,000 for Eddie Collins. It was an unheard of price at that time but it was a good investment as has since been proved. Many other players were purchased for high prices, among them Joe Jackson one of the players who confessed that he helped throw the world's series to Cincinnati.

Tuesday Charles Comiskey, sportsman and honest baseball player sat in his office at the South Side park and heard the

story of crooked baseball unfolded that meant the wrecking of his wonderful baseball machine. A machine built up with years of endeavor and the lavish expenditure of money.

But Charles Comiskey, still the honest sportsman, wrecked his team with the same courage that he built it. With tears nearly starting from his eyes and his voice trembling with emotion the "Old Roman" of baseball said he could not talk of the great calamity that had come to his baseball family.

But he immediately suspended seven of the leading players of his team and paid off three of them. Comiskey has always been true to his baseball public. He has always dealt with them honestly and believes that today baseball is the greatest game on earth. He will purge it of the canker that threatens its existence, even to the driving out of baseball forever every man who has been proved crooked whether or not they are members of his team.

Rippling Rhymes By Wait Mason

THE GOSSIP.

I burn one gossip-stick every night, and as they burn I say, "Preserve me from evil plight that Jinks is in this day!" For Jinks possessed the gossip's tongue, and every spiteful tale by him was far and farther flung, until the lie grew stale. With him a slander foul and grim was sure to make a hit, and baseless rumor seemed to him like proofs of holy writ. A man may thus traduce his friends in safety for a time, but soon or late his effort ends in carnivals of crime. And Jinks passed on some vicious yarns, as he was prone to do, concerning J. Adolphus Barnes, which tales were far from true. Alas, alas, my spirit shrinks from setting down this line; for J. Adolphus climbed on Jinks and skated down his spine. This J. Adolphus is a gent of mighty bones and thews, and when he for his victim went steel spikes were in his shoes. And Jinks, to spread his gossip vain, all tied in sailors' knots. The doctor says he's but a wreck, who once wild rumors chased; his arms are wound around his neck, his legs around his waist. No neighbors seek his humble cot to say that Barnes was wrong; and people cry, "He merely got what he's invited long."

OLD JACKSONVILLE

SOME JACKSONS

By Enstey Moore

(Member Illinois State Historical Society)

Not long ago, the Journal noted the presence here of Charles E. Jackson. This was a reminder of his father.

James Jackson.

The latter was born at Guilford, C. H., North Carolina, in April, 1807, and died here April 11, 1880.

James Jackson's father came to Indiana in 1812, and in Putnam county, near Greencastle, James grew to manhood. He studied and gained some education there. In 1832 he came to Morgan county where he taught school for a time. He came to Jacksonville, for permanent residence, in 1835, where for nearly half a century he has lived an upright citizen, useful and honored.

In religious association he was with the Methodists. He was first a clerk for Ira Davenport for about five years. Thereafter he was in business, as clerk or for himself, for about twenty years, in 1843.

He Married

Miss Miranda E. Babb, "who will be remembered by many of our citizens as a lady of lively character and person; this happy relation was terminated in 1848 by the death of his wife, leaving two infant children, Charles E. and Louis H., who are living and residents in Iowa."

Later on Mr. Jackson married Miss Melinda Wilhoit, by whom he had five children.

Mr. Jackson became a member of the I. O. O. F., and was prominent enough to become State Treasurer for ten successive terms, resigning upon his temporary removal to Iowa, in 1864.

He was also treasurer of the Board of Trustees of the Hospital for the Insane, from 1847 to 1853. "During his term of office the main building was erected, the funds in silver and gold being largely carried by him."

MISS ARTHUR TO SERVE RED CROSS

Well Equipped Executive Chosen by Local Chapter for Secretary.

The directors of the Red Cross chapter yesterday made known the appointment of Miss Clara C. Arthur of Ft. Dodge, Iowa, as Red Cross executive secretary. Miss Arthur was in Jacksonville yesterday to make her first beginning her work here Oct. 8, and those who met her found her a very promising official.

Miss Arthur is a graduate of Rockford college and is qualified for the work here by special Red Cross training. During the war time she was for a number of months in canteen work in Paris, and after the signing of the armistice served in that city in the Red Cross department of claims and adjustment. In recent months she has been engaged in Red Cross work in northern Wisconsin, so she will come to her local duties exceedingly well equipped.

YOUNG PEOPLE WERE MARRIED IN BLUFFS

Harry G. Reuter of Bloomfield and Miss Lois Batley United in Marriage Sunday—Barn Struck by Lightning—Other Bluffs News.

Bluffs, Sept. 28.—Mr. Harry G. Reuter of Bloomfield, son of Mr. and Mrs. Fred Reuter, was united in marriage to Miss Lois Batley, daughter of Mrs. Emma Batley of Bluffs, at the M. P. parsonage at 3:30 o'clock p. m. Sunday. The groom is a farmer but for the present they will reside with the bride's mother, Mrs. Emma Batley.

A barn valued at \$3,000, containing about 30 tons of hay, was struck by lightning Sunday evening and burned to the ground. No insurance was carried. Mrs. William Vannier and sister, Miss Helen Rockwood, left Sunday for east St. Louis, called there by the death of their aunt, Mrs. Elizabeth Hamman, a former resident of Scott and Morgan counties. Deceased is survived by seven children, also two brothers, George Nyhart, Plymouth, Ind.; Charles Nyhart, Bluffs, and one sister, Mrs. B. F. Rockwood, Bluffs. Funeral services were held at 10 a. m. Monday.

Miss Katherine Sappington of Exeter and John Lankford, son of Mr. and Mrs. Ewing Lankford of Bluffs, were united in marriage Wednesday of last week.

## AN INTERESTING DOCUMENT

Alex Howard has left at the Journal a copy of the wall paper daily published at Vicksburg during the memorable siege in 1863. The type was set July 2nd, but before the paper was printed by the proprietor the city had surrendered and General Grant ordered the paper printed, removing a small space at the end of a column and inserting in it a news note.

The items in the paper are impressive. One tenders thanks to Major Gillespie for some beef and says that as long as a mule is left there will be savory meat on which the Confederate soldiers would be willing to subsist.

Another item greatly belittles the firing of a mine and assault by the Union troops whose efforts amounted to but little.

F. Kiser is greatly extolled for sharing with others some corn he had on hand and the paper was sure there would be enough provisions in the city to last till help would arrive.

Speaking of Admiral Porter, the paper speaks slightly of his part in the work and says, "Poor fool, he might as well give up the vain aspiration he entertains of capturing our city or exterminating our people and return to his master to receive the reward such an asinading dolt will meet at the hands of an appreciating government at Washington."

One article deeply deplores the fact that undeniably there were persons who were hoarding supplies and others who were profiteering, selling flour at five dollars a pound, molasses at ten dollars a gallon and corn at ten dollars a bushel. The editor was sure there was plenty of provisions in the city to last till reinforcements would arrive if only all would hand out.

Referring to several articles telling of Gen. Lee's successful invasion of the north, the paper says, "We lay before our readers an account of Gen. Lee's brilliant and successful onslaught upon the abolition hordes and show even from their own record how our gallant boys of the cavalry have fleshed their swords to the hilt with their vaunting foe and how each musket of our infantry has told its leaden tale. Today Maryland is ours; tomorrow Pennsylvania will be and the next day

# MEN TELL US we are too darned modest--Say we don't claim half enough for our shoes.

We don't believe in using superlatives with the reckless abandon of a circus press agent. If we did we could use all the good adjectives in the dictionary for these fine shoes—and still be telling the truth

Take this "Statler" model, for instance, a fine English last, not extreme, in dark tan calf, a shoe that bespeaks the gentleman and priced at the low figure of

**\$8.95**

**Edwin Smart Shoe Co.**

Ohio—now midway, like Mohammed's coffin, will fall."

Here's another: "That the great Ulysses—the Yankee generalissimo surnamed Grant—has expressed his determination of dining in Vicksburg on Saturday next and celebrating the Fourth of July with a grand dinner and so forth. When asked if he would invite Gen. Johnson to join said, 'No, I fear there would be a row at the table.' Ulysses must get into the city before he dines in it. The way to cook a rabbit is first to catch the rabbit."

And here is the note added July 4th: Two days bring about great changes. The banner of the Union floats over Vicksburg. Gen. Grant has caught the rabbit, he has dined in Vicksburg and he did bring his dinner with him. The "Citizen" lives to see it. For

the last time it appears on wall paper. No more will it eulogize the luxury of mule meat and fricasseed kitten—urge southern warriors to such diet nevermore. This is the last wall paper "Citizen" and is, excepting this note, from type as we found them. (Printer soldiers set this note and worked this form). It will be valuable hereafter as a curiosity.

## WILSON ENTERS CAMPAIGN WORK

WASHINGTON, Sept. 28.—President Wilson took his first active part today in the presidential campaign. He had Secretary Tumulty write the first of a series of documents regarding the league of nations and other public questions which it is proposed to issue from the white house to further the candidacy of Governor Cox.

## AN INTERESTING DOCUMENT

Alex Howard has left at the Journal a copy of the wall paper daily published at Vicksburg during the memorable siege in 1863. The type was set July 2nd, but before the paper was printed by the proprietor the city had surrendered and General Grant ordered the paper printed, removing a small space at the end of a column and inserting in it a news note.

The items in the paper are impressive. One tenders thanks to Major Gillespie for some beef and says that as long as a mule is left there will be savory meat on which the Confederate soldiers would be willing to subsist.

Another item greatly belittles the firing of a mine and assault by the Union troops whose efforts amounted to but little.

F. Kiser is greatly extolled for sharing with others some corn he had on hand and the paper was sure there would be enough provisions in the city to last till help would arrive.

Speaking of Admiral Porter, the paper speaks slightly of his part in the work and says, "Poor fool, he might as well give up the vain aspiration he entertains of capturing our city or exterminating our people and return to his master to receive the reward such an astounding deed will meet at the hands of an appreciating government at Washington."

One article deeply denounces the fact that undonably there were persons who were hoarding supplies and others who were profiteering, selling flour at five dollars a pound, molasses at ten dollars a gallon and corn at ten dollars a bushel. The editor was sure there was plenty of provisions in the city to last till reinforcements would arrive if only all would hand out.

Referring to several articles telling of Gen. Lee's successful invasion of the north, the paper says, "We lay before our readers an account of Gen. Lee's brilliant and successful onslaught upon the abolition hordes and show even from their own record how our gallant boys of the cavalry have fished their swords to the hilt with their vaunting foe and how each musket of our infantry has told its leaden tale. Today Maryland is ours; tomorrow Pennsylvania will be and the next day

## MEN TELL US we are too darned modest--Say we don't claim half enough for our shoes.

We don't believe in using superlatives with the reckless abandon of a circus press agent. If we did we could use all the good adjectives in the dictionary for these fine shoes—and still be telling the truth

Take this "Statler" model, for instance, a fine English last, not extreme, in dark tan calf, a shoe that bespeaks the gentleman and priced at the low figure of

\$8.95

Edwin Smart Shoe Co.

Ohio—now midway, like Mohammed's coffin, will fall."

Here's another: "That the great Ulysses—the Yankee generalissimo surnamed Grant—has expressed his determination of dining in Vicksburg on Saturday next and celebrating the Fourth of July with a grand dinner and so forth. When asked if he would invite Gen. Johnson to join said, "No, I fear there would be a row at the table." Ulysses must get into the city before he dines in it. The way to cook a rabbit is first to catch the rabbit."

And here is the note added July 4th: Two days bring about great changes. The banner of the Union floats over Vicksburg. Gen. Grant has caught the rabbit, he has dined in Vicksburg and he did bring his dinner with him. The "Citizen" lives to see it. For

the last time it appears on wall paper. No more will it eulogize the luxury of mule meat and fricaseed kitten—urge southern warriors to such diet anymore. This is the last wall paper "Citizen" and is, excepting this note, from type as we found them. (Printer soldiers set this note and worked this form). It will be valuable hereafter as a curiosity.

**WOULD OPPOSE

18TH AMENDMENT**  
Governor Cox Makes Reply  
to Question in  
Dakota  
**DECLINES TO AMPLIFY  
STATEMENT**  
SIOUX FALLS, S. D., Sept. 28.—A statement regarding the Volstead prohibition enforcement law—that he would oppose “any measure that is in conflict with the constitution and the eighteenth amendment as interpreted by the supreme court”—and bombardment of questions regarding

the league of nations from persons of German blood marked a lively tour of South Dakota today by Governor Cox. The Democratic presidential candidate also launched new criticism of Senator Harding, his Republican opponent assailing the Senator's Baltimore speech of yesterday and again calling him a “brewer.” Governor Cox's statement on the Volstead act, the first he has made recently, was in response to a question—the first from any of his audience—from a man at Mitchell late today. “I elected president of the United States what will be your attitude in regard to the Volstead law?” was the question. “My attitude with reference to that whole question, is,” the governor replied, “I shall oppose any measure that is in conflict with the constitution of the United States and the eighteenth amendment as interpreted by the supreme court.”

**DECLINES TO Amplify Statement**  
The governor, when questioned later by newspaper representatives declined to amplify his statement declaring that it stood as given. To an audience at the Corn Show the candidate reiterated his pledge of law enforcement and told of his Sunday closing of Ohio Saloons while governor. That Germany should be welcomed in

to the league of nations and treated as well as any other nation was stated by the nominee in reply to persons of German blood or descent, forming a large part of communities the candidate reached today. He said that German junkers, not the masses, caused the war and discussing “America First” and Deutschland Uber Alles, declared that the pro-German slogan was selfish and its policy disastrous. In virtually all of his speeches today—a total of sixteen—including fourteen outdoors in a biting wind, Governor Cox criticized Senator Harding for objecting to being questioned yesterday at Baltimore by a man in the audience.

**ILLINOIS SHOWS  
INCREASE OF 15 PER CENT**  
Washington, Sept. 28.—The state of Illinois, the 1920 population of which was announced today by the census bureau, showed a gradual decline in its relative increases over preceding decades. Illinois has a population of 6,455,098, an increase of 846,507, or 15.0 per cent over 1910. The state is expected to retain its rank as the third most populous state, altho its 1920 population shows the lowest relative increase in the state's history, falling short of the 1910 percentage increase by 1.9.

**TALKS TO EUROPE  
ABOUT ITS FINANCES**  
BRUSSELS, Sept. 28.—(By the Associated Press).—Roland S. Boyden, unofficial representative of the United States in the international financial conference in progress here, at the request of several delegates explained to the conference today why Europe could not, under present conditions, be considered by the United States as a good business risk. Mr. Boyden referred the delegates to the letter of former Secretary of the Treasury Carter Glass, to Homer L. Ferguson, president of the chamber of commerce of the United States in which Mr. Glass declared the United States could not undertake to finance further the requirements of Europe. The letter Mr. Boyden said, represented the attitude of President Wilson.

**VERSAILLES TREATY  
CAUSE OF CONDITION**  
General Hoffmann Says it Failed to Take Russia Into Account—Says German Workman Must Rebuild Nation.

Berlin. — “I am General Hoffmann, whom you probably remember from Brest-Litovsk,” said a tall man of military bearing as he introduced himself to a meeting of majority socialists called here to discuss eastern European problems. The Socialists were in the midst of a discussion on soviet principles and the Russo-Polish situation when General Ludendorff's former aide-de-camp arose and without more ado took the floor. He charged the Versailles peace with the responsibility for the present state of Europe in that it failed to take Russia into account. Germany, he said, needed Russia's foodstuffs and Russia needed German industrial products. General Hoffmann went on declaring that German workmen alone were able to rebuild the nation. “It is not true,” he said, “that we have already reached the bottom of the abyss. We are, however, standing on the brink and in danger of slipping down into it.” Despite his unexpected interruption, the meeting treated the general with courtesy altho some reproaches were addressed to him for concluding the Brest-Litovsk peace.

## WOULD OPPOSE ANY CHANGE TO 18TH AMENDMENT

Governor Cox Makes Reply  
to Question in  
Dakota

### DECLINES TO AMPLIFY STATEMENT

SIoux FALLS, S. D., Sept. 28.—A statement regarding the Volstead prohibition enforcement law—that he would oppose “any measure that is in conflict with the constitution and the eighteenth amendment as interpreted by the supreme court—and bombardment of questions regarding

the league of nations from persons of German blood marked a lively tour of South Dakota today by Governor Cox. The Democratic presidential candidate also launched new criticism of Senator Harding, his Republican opponent assailing the Senator's Baltimore speech of yesterday and again calling him a “brewer.” Governor Cox's statement on the Volstead act, the first he has made recently, was in response to a question—the first from any of his audience—from a man at Mitchell late today.

“I elected president of the United States what will be your attitude in regard to the Volstead law?” was the question.

“My attitude with reference to that whole question is,” the governor replied, “I shall oppose any measure that is in conflict with the constitution of the United States and the eighteenth amendment as interpreted by the supreme court.”

**Declines to Amplify Statement**  
The governor, when questioned later by newspaper representatives declined to amplify his statement declaring that it stood as given.

To an audience at the Corn Show the candidate reiterated his pledge of law enforcement and told of his Sunday closing of Ohio Saloons while governor. That Germany should be welcomed in-

to the league of nations and treated as well as any other nation was stated by the nominee in reply to persons of German blood or descent, forming a large part of communities the candidate reached today. He said it at German junkers, not the masses, caused the war and discussing “America First” and Deutschland Uber Alles, declared that the pro-German slogan was selfish and its policy disastrous.

In virtually all of his speeches today—a total of sixteen—including fourteen outdoors in a biting wind, Governor Cox criticized Senator Harding for objecting to being questioned yesterday at Baltimore by a man in the audience.

### ILLINOIS SHOWS INCREASE OF 15 PER CENT

Washington, Sept. 28.—The state of Illinois, the 1920 population of which was announced today by the census bureau, showed a gradual decline in its relative increases over preceding decades.

Illinois has a population of 6,485,098, an increase of 846,507, or 15.0 per cent over 1910. The state is expected to retain its rank as the third most populous state, altho its 1920 population shows the lowest relative increase in the state's history, falling short of the 1910 percentage increase by 1.9.

## MAC SWINEY IS BEING FED, PAPER SAYS

Yorkshire Post Says Receiving  
Nourishment by Direction of  
Dignitaries of His Church.

LONDON, Sept. 28.—In rebutting the arguments of Lord Mayor MacSwiney's friends that the extreme care given him and the precautions taken against blood poisoning make the duration of his fast remarkable, it is suggested by some of the newspapers that this explanation “would not” be difficult to accept in his case, but seems to be illogical when it is considered that there are eleven hunger strikers in Cork who have been abstaining from food for two days longer than MacSwiney and all of them seem to be making as surprising an exhibition of endurance.

In connection with this feature of the case the Yorkshire Post says:

“It is not only asserted that Mayor MacSwiney is being fed and this by direct orders of dignitaries of his church, but even the name of the sustaining tabloid from which it is alleged he draws sufficient nourishment to remain alive is given.”

## TALKS TO EUROPE ABOUT ITS FINANCES

BRUSSELS, Sept. 28.—(By the Associated Press).—Roland S. Boyden, unofficial representative of the United States in the international financial conference in progress here, at the request of several delegates explained to the conference today why Europe could not, under present conditions, be considered by the United States as a good business risk.

Mr. Boyden referred the delegates to the letter of former Secretary of the Treasury Carter Glass, to Homer L. Ferguson, president of the chamber of commerce of the United States in which Mr. Glass declared the United States could not undertake to finance further the requirements of Europe. The letter Mr. Boyden said, represented the attitude of President Wilson.

### VERSAILLES TREATY CAUSE OF CONDITION

General Hoffmann Says it Failed  
to Take Russia Into Account—  
Says German Workman Must  
Rebuild Nation.

Berlin.—“I am General Hoffmann, whom you probably remember from Brest-Litovsk,” said a tall man of military bearing as he introduced himself to a meeting of majority socialists called here to discuss eastern European problems.

The socialists were in the midst of a discussion on soviet principles and the Russo-Polish situation, when general Ludendorff's former aide-de-camp arose and without more ado took the floor. He charged the Versailles peace with the responsibility for the present state of Europe in that it failed to take Russia into account. Germany, he said, needed Russia's foodstuffs and Russia needed German industrial products.

General Hoffmann went on declaring that German workmen alone were able to rebuild the nation. “It is not true,” he said, “that we have already reached the bottom of the abyss. We are, however, standing on the brink and in danger of slipping down into it.”

Despite his unexpected interruption, the meeting treated the general with courtesy altho some reproaches were addressed to him for concluding the Brest-Litovsk peace.

### STILL CARRY OUT THE CEREMONY OF THE KEYS

London.—Few Americans who have visited the Tower of London have ever witnessed the ceremony of the keys, tho it has taken place nightly for many centuries.

The yeoman porter, with an escort of guards, still nightly locks the gates. Behind him still walks “a varlet at two pence a night to carry the keys” and, broad daylight or not, follows the bugler with a lantern.

“Halt, who comes there?” demands the sentry.

“The keys?” replies the yeoman porter.

“Whose keys?” asks the sentry.

“King George's keys”, is the answer.

At the end of the ceremony the yeoman porter takes off his hat and says, “God preserve King George,” and guard and escort reply, “Amen”. Then the band or drums and fifes play “God Save the King” and buglers sound the “Last Post.”

## MILITIA COMPANY FATE IN BALANCE

Whether or Not Company Disbands Depends on Early Action—Special Citizens Committee Named.

The question as to whether or not Jacksonville is to have a company of national guard has reached an acute stage. The company now has only 20 members and in order to maintain the organization there must be 50 names on the roll.

Capt. James has made known the situation to a number of citizens and yesterday requested Mayor Crabtree to appoint a committee of citizens to look into the situation and take steps to secure the necessary interest and co-operation for the maintenance of the company.

The committee appointed includes Martin Cosgriff, J. Clarence Lukeman, Dick Reynolds, W. T. Harmon, D. Scott Sweeney, James Barnes, Fred Randall, Ralph Dunlap and J. S. Findley.

Each one of this committee has indicated interest in the proposal.

## Tested Eighteen Months to Prove Perfection

TWO years ago a puncture-proof cord tire was unheard of.

Many experts believed the final development in pneumatic tire-making had been reached with the production of a fabric puncture-proof—the only one, the LEE.

Motorists naturally looked to LEE for a puncture-proof cord.

LEE has succeeded in building such a tire. It has all the economy and resiliency of the best cord tires. It practically eliminates blowouts, tread separation, broken sidewalls and other common tire troubles. And it is positively puncture-proof!

For 18 months this tire was cruelly tested before being offered to the public. It rode as lightly and as smoothly as a cord without the puncture-proof feature. It was as economical on fuel and oil. It was easier on tubes. And—its punctured cord tires that were not puncture-proof!

Let us demonstrate the economy of the new LEE CORD PUNCTURE-PROOF.

## CHARLES COMISKEY, THE "OLD-ROMAN," WATCHES SCANDAL SCRAP THE SOX

(Continued from Page One.)

and a bad throw to the plate by Jackson, which the pitcher intercepted and muffed.

The play of this inning was sent over The Associated Press.

wives as follows:

Roush was out. Schalk to Gandil, the ball rolling half way to the pitcher's box. Duncan was safe when Cicotte threw his drive wide to first the ball going to the stand and Duncan reaching second. Kopf singled to left and Duncan stopped at third but scored when Jackson threw wild to the plate. Kopf reached second. Correction—The official scorer gives Cicotte the error for muffed Jackson's throw. Neale scored. Kopf reached second. It was a two base hit. Wing, out. Eddie Collins to Gandil. Neale going to third. Ring drove a vicious grounder that Eddie Collins got and threw him out at first. Two runs; two hits; two errors.

The rest of the game was played sharply, and so far as the records show, cleanly. Cicotte pitched the nine innings.

Cicotte's next appearance in the series was the sixth game when Cincinnati had four victories to their credit against one defeat. Richard Kerr, left-handed pitcher, having shutout the National League champions in the third game.

The veteran twirler who today confessed the big gambling deal went thru nine innings and held his opponents to seven hits. Chicago won the game by 4 to 1, hitting Saltee hard in the first five innings. Jackson and Felsch each got two hits and, between them drove in all of Chicago's runs. Billy Maharg, Philadelphia prize fighter who last night in Philadelphia issued a statement connecting Cicotte with the gambling deal and charging that the gambler, former fighter, headed the gambling clique, asserted that the Sox were double-crossed by Attell and never received \$100,000 which had been promised them. It was late in the series before they found this out. Maharg asserted as Attell kept postponing the day of settlement, saying he needed the money to bet.

Williams Lost Three Games.

Besides the two defeats registered against Cicotte in the series three others were chalked up against Claude Williams. The latter a "sideman" lefthander was wild in the second and fifth games which went to the Reds 4 to 2 and 5 to 0. In the eighth and last game of the series he was found for four solid hits in the first inning and that game and the title of world's champion went to Cincinnati 10 to 5. Williams' lack of control was generally recorded the cause of his defeats, but record of the second game saying:

"While Cincinnati obtained only four hits, these came at opportune times when they had been preceded by bases on balls off Williams."

The fifth game of the series was a shutout triumph for Hod Eller, the big "shine ball expert" of the Cincinnati pitching staff. Only three hits were made off him and he established a world series record by striking out the side in two successive innings. All told Eller had nine strikeouts that day. Four of Cincinnati's five runs were grouped in the sixth inning. Eller doubled, Rath scored him with a

## Passavant Hospital The Ward of The Churches

It was in July, 1875, that the late Mrs. Elizabeth Ayers conveyed to the Association of Works of Mercy of the Evangelical Lutheran church of Illinois, the property should be used only as a location and site for a hospital for the sick to be cared for without reference to race, color or creed.

The grantor further specified that the property cannot be conveyed or mortgaged on account of any debt or liability. There was further provision that there should be no right to create a debt or liability. However, authority was given to change the location if such a course was later deemed advisable.

Some years ago the Lutheran organization decided that it could not satisfactorily manage and op-

erate this hospital and so asked the court for authority to resign the trust and convey the hospital together with all chattel property, endowment fund and subscriptions, to the Passavant Memorial hospital association, which was granted and it was thru this act that the Passavant hospital property passed into the ownership and control of Passavant Memorial hospital association, organized with the Protestant churches of Jacksonville as the original members.

Authority was given to the trustees to admit other organizations from time to time. So today Passavant hospital is owned by the Protestant churches of this locality and theirs is the direct responsibility for its proper management, welfare and growth.

single and moved to second on Daubert's "bunt perfectly laid" as the report of the game said. Williams walked. Groh, Roush drove a three base hit to Felsch's territory scoring two runners and himself tallied after Duncan fled to Jackson.

Both Cicotte and Jackson were closeted with the grand jury for a considerable time today, and later court officials reported that they told their stories in substantial detail. As the room they were taken into custody by detectives of the state's attorney's office and taken away. Their detention was not in the nature of an arrest and it was announced that they would be released later.

Cicotte, who earlier in the day had vehemently denied any part in the alleged plot, as described by Maharg at Philadelphia, admitted on the stand, officials of the court said that the Philadelphia's story was substantially correct.

Thought Gandil Double Crossed Them.

The court officials also quoted Cicotte as saying that the players had believed that "Chick" Gandil who he said, was interested in the dealings with the gamblers had "double crossed" them and that Maharg's story was the first intimation they had had that Attell had "held out" on the \$100,000 which had been promised them. The eight players named in the true bills had been with the White Sox for periods ranging from four to nine years. Cicotte himself was purchased from Boston in 1912 for the waiver price. Joe Jackson was bought from Cleveland in 1915 for a large sum in cash and some players in trade. Felsch was purchased from Milwaukee of the American Association in 1914; McMullin from Los Angeles in 1916; Risberg from Vernon of the Pacific Coast League in 1916; Williams from Salt Lake in 1916 and Weaver from York, Pa., in 1911. The purchase price of the eight paid by Comiskey represents a tidy fortune.

The investigation by the grand jury will continue until all phases of base ball gambling have been gone into.

Assistant State's Attorney Hartley Replogle, in charge of the case said tonight that indictments to be drawn up tomorrow on today's true bills may contain several counts. The true bills themselves specified but one alleged offense, "conspiracy to commit a legal act."

The penalty imposed on conviction on this count would be one to five years in the penitentiary and a fine of not more than \$10,000.

Says Only Beginning.

"This is just the beginning," Mr. Replogle said tonight. "We will have more indictments within a few days and before we get thru we will have purged organized baseball of everything that is crooked and dishonest."

"We are going after the gamblers now. There will be indictments within a few days against men in Philadelphia, Indianapolis, St. Louis, Des Moines, Pittsburgh, Cincinnati and other cities. More baseball players also will be indicted. We've got the goods on these men and we are going the limit."

Harry Gradner, secretary of the White Sox announced that the club would play out the schedule to the end if it had to "employ Chinamen" to fill the vacancies in the team.

## I. C. CAMPAIGN TO BE CONCLUDED

Work in County Interrupted Last Spring Will be Resumed in October.

## MILITIA COMPANY FATE IN BALANCE

Whether or Not Company Disbands Depends on Early Action—Special Citizens Committee Named.

The question as to whether or not Jacksonville is to have a company of national guard has reached an acute stage. The company now has only 20 members and in order to maintain the organization there must be 50 names on the roll.

Capt. James has made known the situation to a number of citizens and yesterday requested Mayor Crabtree to appoint a committee of citizens to look into the situation and take steps to secure the necessary interest and co-operation for the maintenance of the company.

The committee appointed includes Martin Cosgriff, J. Clarence Lukeman, Dick Reynolds, W. T. Harmon, D. Scott Sweeney, James Barnes, Fred Randall, Ralph Dunlap and J. S. Findley.

Each one of this committee has indicated interest in the proposi-

tion and it is the intention to present the case clearly to the young men of the community today and tomorrow, so that definite answer may be given Friday as to whether the company organization is to remain.

In explaining the situation to the committee Mayor Crabtree addressed to each one the following letter, which is published at the request of the committee:

Jacksonville has until Friday, October 1st to decide whether or not we are to retain a unit of the National Guards.

To retain it, we must have an enrollment of fifty, at present it is twenty.

It has been demonstrated within the past year what co-operation can do for the city. A unit of the National Guard is an industry. Jacksonville needs every industry and every time we let one slip, we go backward. Jacksonville is greatly in need of an auditorium. With a unit of the National Guard, there is always a chance that we can secure an armory. That is the big point with us today.

It would be a shame and disgrace and a decidedly backward step to allow our charter for the company to be cancelled.

Every citizen owes a certain duty to the community in which he lives. These things are not secured without sacrifice. A few men cannot do it all. The young men owe this duty to the city.

I have been asked to serve as chairman of a committee for the purpose of soliciting members for enrollment to the National Guards and I have been requested to appoint you as a member of that soliciting committee. I am sure that your interest in Jacksonville will cause you to do your share of the work.

The task is not a big one. Thirty subscriptions should be obtained in twenty-four hours with the proper kind of organization. You have been selected because of your vim and vigor and because we think you have an interest in the town.

There is only one way to do a thing AND THAT IS TO DO IT. Let us do it quickly for the good of Jacksonville.

Very respectfully yours,  
E. E. Crabtree, Mayor.

(Continued from Page One.)  
and a bad throw to the plate by Jackson, which the pitcher intercepted and muffed.

The play of this inning was sent over The Associated Press wires as follows:

Roush was out, Schalk to Gandil, the ball rolling half way to the pitcher's box. Duncan was safe when Cicotte threw his drive wide to first the ball going to the stand and Duncan reaching second. Kopf singled to left and Duncan stopped at third but scored when Jackson threw wild to the plate. Kopf reached second. Correction—The official scorer gives Cicotte the error for muffed Jackson's throw. Neale sent one over Jackson's head and Kopf scored. Neale reached second. It was a two base hit. Wingo, out Eddie Collins to Gandil. Neale going to third. Ring drove a vicious—grander that Eddie Collins got and threw him out at first. Two runs; two hits; Two errors.

The rest of the game was played sharply, and so far as the records show clearly, Cicotte pitched thru the nine innings.

Cicotte's next appearance in the series was the sixth game when Cincinnati had four victories to their credit against one defeat. Richard Kerr, lefthanded pitcher, having shutout the National League champions in the third game.

The veteran twirler who today confessed the big gambling deal went thru nine innings and held his opponents to seven hits. Chicago won the game by 4 to 1, hitting Salce hard in the first five innings. Jackson and Felsch each got two hits and, between them drove in all of Chicago's runs.

Billy Maharg, Philadelphia prize fighter who last night in Philadelphia issued a statement connecting Cicotte with the gambling deal and charging that Abe Attell, former fighter, headed the gambling clique, asserted that the Sox were double-crossed by Attell and never received \$100,000 which had been promised them. It was late in the series before they found this out. Maharg asserted as Attell kept postponing the day of settlement, saying he needed the money to bet.

Williams Lost Three Games.  
Besides the two defeats registered against Cicotte in the series three others were chalked up against Claude Williams. The latter, a "sideman" lefthander, was wild in the second and fifth games which went to the Reds 4 to 2 and 5 to 0. In the eighth and last game of the series he was found for four solid hits in the first inning and that game and the title of world's champions went to Cincinnati 10 to 5. Williams' lack of control was generally recorded the cause of his defeats, the record of the second game saying:

"While Cincinnati obtained only four hits, these came at opportune times when they had been preceded by bases on balls off Williams."

The fifth game of the series was a shutout triumph for Hod Eller, the big "shine ball expert" of the Cincinnati pitching staff. Only three hits were made off him and he established a world series record by striking out the side in two successive innings. All told Eller had nine strikeouts that day. Four of Cincinnati's five runs were grouped in the sixth inning. Eller doubled, Rath scored him with a

Says Only Beginning.  
"This is just the beginning," Mr. Replege said tonight. "We will have more indictments within a few days and before we get thru we will have purged organized baseball of everything that is crooked and dishonest."

"We are going after the gamblers now. There will be indictments within a few days against men in Philadelphia, Indianapolis, St. Louis, Des Moines, Pittsburgh, Cincinnati and other cities. More baseball players also will be indicted. We've got the goods on these men and we are going the limit."

Harry Gradner, secretary of the White Sox announced that the club would play out the schedule to the end if it had to "employ Chinamen" to fill the vacancies in the team.

## Passavant Hospital The Ward of The Churches

It was in July, 1875, that the late Mrs. Elizabeth Ayers conveyed to the Association of Works of Mercy of the Evangelical Lutheran church of Illinois, the property should be used only as a location and site for a hospital for the sick to be cared for without reference to race, color or creed. The grantor further specified that the property cannot be conveyed or mortgaged on account of any debt or liability. There was further provision that there should be no right to create a debt or liability. However, authority was given to change the location if such a course was later deemed advisable.

Some years ago the Lutheran organization decided that it could not satisfactorily manage and operate this hospital and so asked the court for authority to resign the trust and convey the hospital together with all chattel property, endowment fund and subscriptions, to the Passavant Memorial hospital association, organized with the Protestant churches of Jacksonville as the original members.

Authority was given to the trustees to admit other organizations from time to time. So today Passavant hospital is owned by the Protestant churches of this locality and theirs is the direct responsibility for its proper management, welfare and growth.

single and moved to second on Daubert's "bunt perfectly laid" as the report of the game said. Williams walked. Groh. Roush drove a three base hit to Felsch's territory scoring two runners and himself after Duncan fled to Jackson.

Both Cicotte and Jackson were clobbered with the grand jury for a considerable time today, and later court officials reported that they told their stories in substantial detail. As the left room they were taken into custody by detectives of the state's attorney's office and taken away. Their detention was not in the nature of an arrest and it was announced that they would be released later.

Cicotte, who earlier in the day had vehemently denied any part in the alleged plot, as described by Maharg at Philadelphia, admitted on the stand, officials of the court said that the Philadelphia's story was substantially correct.

Thought Gandil Double Crossed Them.

The court officials also quoted Cicotte as saying that the players had believed that "Chick" Gandil who he said, was interested in the dealings with the gamblers that "double crossed" them and that Maharg's story was the first indication they had had that Attell had "held out" on the \$100,000 which had been promised them. The eight players named in the true bills for periods ranging from four to nine years. Cicotte himself was purchased from Boston in 1912 for the waiver price. Joe Jackson was bought from Cleveland in 1915 for a large sum in cash and some players in trade. Felsch was purchased from Milwaukee of the American Association in 1914; McMullin from Los Angeles in 1916; Risberg from Vernon of the Pacific Coast League in 1916; Williams from Salt Lake in 1916 and Weaver from York, Pa., in 1911. The purchase price of the eight paid by Comiskey represents a tidy fortune.

The investigation by the grand jury will continue until all phases of base ball gambling have been gone into.

Assistant State's Attorney Harry Replege, in charge of the case said tonight that indictments to be drawn up tomorrow on today's true bills may contain several counts. The true bills themselves specified but one alleged offense, "conspiracy to commit a legal act."

The penalty imposed on conviction on this count would be one to five years in the penitentiary and a fine of not more than \$10,000.

### WATCHING FOR AUTO LAW VIOLATORS

Any auto owner who is without  
a 1920 license had better keep  
it in the garage. W. S.  
Foreman as a representative of  
the secretary of state is now in  
the city co-operating with the po-  
lice department in the enforcement  
of traffic laws.

Mr. Foreman of course is par-  
ticularly interested in the question  
of license plates and had the  
lookout for any car which is be-  
ing used with an old plate.

### T. M. TOMLINSON WILL MARK ROADWAYS

A number of signposts which  
will be of advantage to automobile  
tourists will soon be placed by T.  
M. Tomlinson. Not long since  
Mr. Tomlinson ordered 30 of these  
signposts done in black and white  
and they are to be put in position  
two miles apart, six on each of  
five roads leading into Jackson-  
ville.

Mr. Tomlinson, who is always  
on the alert to help along travel-  
ing, autoists, thought these sign-  
posts would be useful to him and  
at the same time afford a good ad-  
vertising medium and so the posts  
were purchased.

## TRAVELING MEN HAD GREAT TIME AT MARION

C. F. Ehnie Tells of Enthusiasm  
When Men Visited Senator  
Harding—A Great Speech.

Charles F. Ehnie was one of  
the big company of traveling men  
who spent last Saturday in  
Marion, Ohio, and heard the ad-  
dress delivered by Senator Hard-  
ing. The traveling men who came  
by hundreds from all parts of  
the country, were entertained by  
the arion club at 6 o'clock dinner  
and courtesies of various kinds  
were extended to them thru-  
out their stay in the city.

There were between 2,500 and  
3,000 men in the parade and the  
people of Marion said it was the  
snappiest crowd that they had  
seen in the city during the cam-  
paign. When the traveling men  
arrived at the Harding home J.  
H. Kazar of Bloomington was the  
spokesman for the traveling  
men.

Senator Harding delivered an  
address which many people in  
Marion said was the best of the  
front porch series. It was an in-  
tensely patriotic address in which  
the senator urged the travelers  
to always be thinking of America  
first. He expressed his belief in  
the government friendly and a  
partner to American business  
and unwilling to indulge itself in  
more irritating suspicions and  
interference. He expressed his  
belief in the application of Amer-  
ican business methods and ef-  
ficiency to the American govern-  
ment.

Altho the Senator criticised  
the conditions brought about by  
years of mismanagement of the  
U. S. under Democratic regime,  
he explained that it was neces-  
sary to take some account of  
"where we now stand so that  
we may wisely bring America  
again to her main road."

A great deal of credit for the  
big day in Marion was due to L.  
A. Minter who is western director  
of Traveling Men's Harding &  
Coolidge club, and it was he who  
planned the rally.

All the visitors had the oppor-  
tunity of personally meeting  
both Senator and Mrs. Harding  
and they found them very cor-  
dial.

Mr. Ehnie while in Marion had  
a visit with Will Eads, formerly  
on The Journal staff, and now on  
the Marion Star. Mr. Eads is one  
of the newspapermen who make  
regular calls upon Senator Hard-  
ing.

Mr. Ehnie brought back with  
him a number of large litho-  
graphs of the candidate and they  
are for free distribution to those  
who call at Mr. Ehnie's office so  
long as the supply lasts.

The family will receive a warm  
welcome from their many friends  
in the city.

## RED MEN COMPLETE PLANS FOR PARADE

Will Take Place Next Tuesday Ev-  
ening—Work in All Degrees and  
a Smoker Will Follow.

Members of Delaware Tribe  
gathered in the wigwam in regu-  
lar meeting Tuesday evening.  
There was a large attendance of  
members, many of the old chiefs  
being present.

Plans were completed for the  
parade which will take place next  
Tuesday evening, October 5. The  
parade will move promptly from  
the wigwam at 7:30 o'clock and  
the line of march will be an-  
nounced later.

Rousing talks on the good of  
the order were made by Chiefs A.  
B. Opperman, W. G. Wolfe, I. M.  
Bunce, John Shields, John Hurst  
and others. Four applications  
were voted upon during the busi-  
ness session.

Following the parade the de-  
gree team will exemplify all of the  
degrees of the order on a class of  
palefaces. It is expected that  
Great Chief of Records Whitmer  
and other great chiefs will be pres-  
ent to take part in the pow wow.

## INSPECTION WORK NOW IN PROGRESS

Deputy Fire Marshals Here to  
Acquaint Public With Laws—  
Fire Prevention Their Motto.

Co-operating with the Civic  
Pride League, P. E. Bertram, de-  
puty fire marshal, and three asso-  
ciates have come to Jacksonville  
to spend two weeks. The men  
with Mr. Bertram are James El-  
lis, Roy Marquart and J. Hepp.

These men yesterday began the  
inspecting work in the business  
district and every business estab-  
lishment in the city will be visit-  
ed.

The campaign here is in line  
with that being conducted in other  
counties and the purpose, of  
course, is to lessen fire risks. Ex-  
perience has abundantly proven  
that properties kept clean and in  
an orderly condition without the  
accumulation of rubbish are much  
less likely to be damaged or de-  
stroyed by fire. While the deputy  
fire marshals take note of  
cleanly conditions, the larger pur-  
pose of the work is to see that  
building laws of the state are ob-  
served.

The most common violations  
are in electric wiring, while gar-  
ages and cleaning establishments  
are frequently careless in the  
methods of handling gasoline.  
Violations of various matters re-  
lating to building are of frequent  
occurrence.

Mr. Bertram has been in the  
department for several years and  
he and his associates have the  
purpose of inspecting property  
and then in courteous way calling  
attention to any violations. An  
effort will be made to cause just  
as little inconvenience as possible  
to property owners or tenants, the  
only desire being to have that ob-  
servance of law which will lessen  
fire risk and afford greater pro-  
tection to the public. An indicat-  
ed, the four officials will work  
here for practically two weeks and  
every business building will be in-  
spected.

## FIRST MEETING IN NEW CHAPTER HOUSE

Members of James Caldwell Chap-  
ter Meet in Governor Duncan  
Memorial Home—Interesting  
Program is Given.

The first regular meeting of the  
Rev. James Caldwell Chapter, D.  
A. R., was held on Tuesday after-  
noon, Sept. 28, in the Gov. Joseph  
Duncan Memorial Home.

The beautiful old homestead  
which has been set apart as a Mem-  
orial Home and historical land-  
mark, was the scene of happy en-  
thusiasm, which can come only  
from such service and co-opera-  
tion as has been given by the  
Daughters, under the careful  
guidance of our Regent, Miss S. M.  
Fairbank.

The very walls of this old home  
seemed to respond the old time  
welcome and hospitality of days  
gone by to those Daughters who  
enjoyed the dinner as a initial  
opening of Duncan Memorial as a  
Chapter House.

Dinner was served by the Pas-  
toral Helpers of Central Christian  
church under the able direction of  
Mrs. Lillian W. King.

The progressive dinner appoint-  
ments were made through Miss  
Katherine Barr as chairman of the  
luncheon committee, reservations  
being made for 100 Daughters.

Following the regular business  
meeting was held with Miss Fair-  
bank, presiding as Regent. The  
pledge to the flag was given, fol-  
lowed by the Lord's prayer led by  
the chaplain Mrs. Marshal Miller.  
The address of welcome included a  
short review of the purchase of  
Duncan Memorial which first  
came as a dream—a castle in  
Spain.

Through hard continuous work  
the dream came true and the  
beautiful old historical home  
came into the possession of the  
Rev. James Caldwell Chapter—a  
home which can become a large  
factor in our community.

Endowment is necessary to  
maintain the place and that task  
the tablet committee bravely at-  
tacked for its work this year.

With the volunteer help of Mr.  
H. H. Bancroft and Mr. Gates  
Strawn the Tablet Committee has  
raised and paid \$11,000 for this  
fine old place which includes sev-  
eral articles of furniture belong-  
ing to the original Duncan House  
subscriptions sufficient to install  
the tablets now if all tablets had  
been cash.

The reason for delaying the  
placing of tablets and postponing  
dedication in October, is that  
with drawings blocked out and  
contract almost ready to sign we  
were urged to delay as prices  
seemed to have almost  
reached their peak—Our council  
lors assured us that on every side  
we would be commended—rather  
than criticised for our careful in-  
vestment of the funds which will  
not be used for any other purpose.

All our expense money having  
come from an entirely different  
source, the benefit concert given  
last year under the direction of  
Mrs. Sarajane Mathews Brown.

Our chapter now numbers 129  
resident members—44 non re-  
sident members and pending mem-  
bers.

If each one of the daughters  
would see that every possible name  
eligible in her family was sub-  
scribed and the name of some pi-  
oneer or citizen of Jacksonville or  
Morgan county, you can easily see  
the result—endowment.

If you take as your watchword  
for this chapter the word co-opera-  
tion, in our white marble tablets,  
in letters of gold will glow the  
names of those who have made us  
proud to follow in their footsteps.

Following the regular address  
thirteen new names were present-  
ed for membership.

Mrs. Sarajane Mathews Brown  
sang beautifully a group of songs  
—accompanied by Miss Ellen Mc-  
Curly.

Mrs. Carl Black read a most in-  
teresting paper written by Mrs. W.  
T. Wilson. Subst. "How Our  
Chapter came to be named the  
Rev. James Caldwell Chapter."

The heritage of this "Fighting  
Parson"—and his courage, seem-  
ed truly handed down to the  
Daughters of the chapter, so nam-  
ed as a tribute of his love and re-  
spect.

Jennie R. Capps, Press-Ch.

## MUSICAL COMEDY AT THE GRAND

"Bringing Up Father" cartoons  
created by George McManus form-  
ed the basis for the musical com-  
edy given at the Grand Opera  
house Tuesday night. The audi-  
ence was large and well pleased,  
as the several acts of "Bringing  
Up Father at the Seashore" were  
unfolded.

Music of course had a large  
place in the performance and the  
doings of Jiggs, Dinty Moore and  
Mrs. Jiggs kept the audience in a  
continuous good humor.

## MURRAYVILLE LODGE OBSERVES ANNIVERSARY

The 69th anniversary of the  
founding of the Rebekah organi-  
zation at Murrayville was ob-  
served Tuesday evening. The pro-  
gram included a number of musi-  
cal selections and addresses by  
well known speakers and was of  
great interest to the members and  
their friends, who were present in  
large numbers.

## TRAVELING MEN HAD GREAT TIME AT MARION

C. F. Ehnie Tells of Enthusiasm  
When Men Visited Senator  
Harding—A Great Speech.

Charles F. Ehnie was one of the big company of traveling men who spent last Saturday in Marion, Ohio, and heard the address delivered by Senator Harding. The traveling men who came by hundreds from all parts of the country, were entertained by the Marion club at 6 o'clock dinner and courtesies of various kinds were extended to them throughout their stay in the city.

There were between 2,500 and 3,000 men in the parade and the people of Marion said it was the snappiest crowd that they had seen in the city during the campaign. When the traveling men arrived at the Harding home, J. H. Kazar of Bloomington was the spokesman for the traveling men.

Senator Harding delivered an address which many people in Marion said was the best of the front porch series. It was an intensely patriotic address in which the senator urged the travelers to always be thinking of America first. He expressed his belief in the government, friendly and a partner to American business and unwilling to indulge itself in mere irritating suspicions and interference. He expressed his belief in the application of American business methods and efficiency to the American government.

Altho the Senator criticized the conditions brought about by years of mismanagement of the U. S. under Democratic regime, he explained that it was necessary to take some account of "where we now stand so that we may wisely bring America again to her main road."

A great deal of credit for the big day in Marion was due to L. A. Minter who is western director of Traveling Men's Harding & Coolidge club, and it was he who planned the rally.

All the visitors had the opportunity of personally meeting both Senator and Mrs. Harding and they found them very cordial.

Mr. Ehnie while in Marion had a visit with Will Eads, formerly on The Journal staff, and now on the Marion Star. Mr. Eads is one of the newspapermen who make regular calls upon Senator Harding.

Mr. Ehnie brought back with him a number of large lithographs of the candidate and they are for free distribution to those who call at Mr. Ehnie's office so long as the supply lasts.

## RED MEN COMPLETE PLANS FOR PARADE

Will Take Place Next Tuesday Evening—Work in All Degrees and a Smoker Will Follow.

Members of Delaware Tribe gathered in the wigwam in regular meeting Tuesday evening. There was a large attendance of members, many of the old chiefs being present.

Plans were completed for the parade which will take place next Tuesday evening, October 5. The parade will move promptly from the wigwam at 7:30 o'clock and the line of march will be announced later.

Rousing talks on the good of the order were made by Chiefs A. B. Opperman, W. G. Wolfe, I. M. Bunce, John Shields, John Hurst and others. Four applications were voted upon during the business session.

Following the parade the degree team will exemplify all of the degrees of the order on a class of palafaces. It is expected that Great Chief of Records Whitmer and other great chiefs will be present to take part in the pow wow.

## INSPECTION WORK NOW IN PROGRESS

Deputy Fire Marshals Here to  
Acquaint Public With Laws—  
Fire Prevention Their Motto.

Co-operating with the Civic Pride league, P. E. Bertram, deputy fire marshal, and three associates have come to Jacksonville to spend two weeks. The men with Mr. Bertram are James Ellis, Roy Marquart and J. Hepp. These men yesterday began the inspecting work in the business district and every business establishment in the city will be visited.

The campaign here is in line with that being conducted in other counties and the purpose, of course, is to lessen fire risks. Experience has abundantly proven that properties kept clean in an orderly condition without the accumulation of rubbish are much less likely to be damaged or destroyed by fire. While the deputy fire marshals take note of clean conditions, the larger purpose of the work is to see that building laws of the state are observed.

The most common violations are in electric wiring, while garages and cleaning establishments are frequently careless in the methods of handling gasoline. Violations of various matters relating to building are of frequent occurrence.

Mr. Bertram has been in the department for several years and has his associates have the purpose of inspecting property and then in courteous way calling attention to any violations. An effort will be made to cause just as little inconvenience as possible to property owners or tenants, the only desire being to have that observance of law which will lessen fire risk and afford greater protection to the public. An indicated, the four officials will work here for practically two weeks and every business building will be inspected.

## FIRST MEETING IN NEW CHAPTER HOUSE

Members of James Caldwell Chapter Meet in Governor Duncan Memorial Home—Interesting Program is Given.

The first regular meeting of the Rev. James Caldwell Chapter, D. A. R., was held on Tuesday afternoon, Sept. 28, in the Gov. Joseph Duncan Memorial Home.

The beautiful old homestead which has been set apart as a Memorial Home and historical landmark, was the scene of happy enthusiasm, which can come only from such service and co-operation as has been given by the Daughters, under the careful guidance of our Regent, Miss S. M. Fairbank.

The very walls of this old home seemed to respond to the old time welcome and hospitality of days gone by to those Daughters who enjoyed the dinner as a n initial opening of Duncan Memorial as a Chapter House.

Dinner was served by the Pastoral Helpers of Central Christian church under the able direction of Mrs. Lillian W. King.

The progressive dinner appointments were made through Miss Katherine Barr as chairman of the luncheon committee, reservations being made for 100 Daughters.

Following the regular business meeting was held with Miss Fairbank, presiding as Regent. The pledge to the flag was given, followed by the Lord's prayer led by the chaplain, Mrs. Marshal Miller. The address of welcome included a short review of the purchase of Duncan Memorial which first came as a dream—a castle in Spain.

Through hard continuous work the dream came true and the beautiful old historical home came into the possession of the Rev. James Caldwell Chapter—a home which can become a large factor in our community.

Endowment is necessary to maintain the place and that task the tablet committee bravely attacked for its work this year.

With the volunteer help of Mr. H. H. Bancroft and Mr. Gates Strawn the Tablet Committee has raised and paid \$11,000 for this fine old place which includes several articles of furniture belonging to the original Duncan House subscriptions sufficient to install the tablets now if all tablets had been cash.

The reason for delaying the placing of tablets and postponing dedication in October, is that with drawings blocked out and contract almost ready to sign we were urged to delay as prices seemed to have almost reached their peak.—Our councilors assured us that on every side we would be commended—rather than criticized for our careful investment of the funds which will not be used for any other purpose. All our expense money having come from an entirely different source—the benefit concert given last year under the direction of Mrs. Sarajane Mathews Brown.

Our chapter now numbers 129 resident members—44 non resident members and pending members.

If each one of the daughters would see that every possible name eligible in her family was subscribed and the name of some pioneer or citizen of Jacksonville or Morgan county, you can easily see the result—endowment.

If you take as your watchword for this chapter the word co-operation, in our white marble tablets, in letters of gold will glow the names of those who have made us proud to follow in their footsteps.

Following the regular address thirteen new names were presented for membership.

Mrs. Sarajane Matthews Brown sang beautifully a group of songs—accompanied by Miss Ellen McCurley.

Mrs. Carl Black read a most interesting paper written by Mrs. W. T. Wilson. Subject, "How Our Chapter came to be named the Rev. James Caldwell Chapter."

The heritage of this "Fighting Parson"—and his courage, seemed truly handed down to the Daughters of the chapter, so named as a tribute of his love and respect.

**TROUBLES OF SIX YEARS NOW ENDED**

Had Become So Weak That It Was An Effort to Get Around—"Wonderful," She Says.

"If I can help anyone by telling them about Tanlac I am happy to do so, for that's the way I learned about this wonderful medicine," said Miss Idella Swing, R. F. D. No. 5, Mason City, Ill.

"My health began to fail six years ago and I became so bad off that the past two or three years have simply been just one continual period of suffering. I had an awful case of indigestion. Nearly everything I ate soured and caused gas to form and my heart would palpitate so bad it frightened me. I was subject to sudden cramping spells and several times they were so severe I thought I was going to die. I had to live entirely on light diets and became so weak I could hardly drag myself around. My nerves were shattered, my sleep was broken and restless. Finally my condition became so bad that my friends spoke of it and advised me to try Tanlac.

"And I am so glad I did for I now know what it means to enjoy good health. My appetite is just splendid and I am free from indigestion. I can now eat anything without any trouble afterwards. My nerves are calm and steady and I get sound, restful sleep at night. I can hardly find enough work around the house to do now, for I seem to have unusual strength and energy."

Tanlac is sold in Jacksonville by Coover Drug Co., and J. F. Shreve drug stores and by the leading drug store in every town.—Adv.

To make up for this deficiency I usually prescribe organic iron like Nuxated Iron which by enriching the blood and creating thousands of new red blood cells helps renew the wasted tissue and build strength and energy to withstand the ravages of time. I know of no more simple means by which a person can find out if his blood needs iron than by making the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained. Physician Explains Why Lack Of Iron In the Blood Saps the Strength and Vitality and Often Makes Men and Women Look and Feel Old Before Their Time.

By Dr. Ferdinand King, New York Physician and Medical Author

Signs of old age are plainly to be seen in many a man and woman who ought still to be enjoying the rugged health and activity of the early prime of life. Yet often the real cause of their decline is nothing more than lack of iron in the blood and it is surprising how quickly these conditions are frequently corrected once the right kind of iron is supplied.

I am constantly coming across cases in my practice where people not yet 40 show much of the nervousness, lack of energy and general run-down condition which might possibly be expected to come twenty years later in life while others at 60 may still be young in feeling, mentally alert with steady nerves and strong bodies.

Whether we have health and long life is often a question which each one must determine for himself. Signs of old age are largely due to a deposit of waste matter in the blood vessels and cells of the body. Without plenty of strength-giving iron the blood is utterly lacking in the

power to overcome this slow poisoning process and keep the body strong and healthy. To make up for this deficiency I usually prescribe organic iron like Nuxated Iron which by enriching the blood and creating thousands of new red blood cells helps renew the wasted tissue and build strength and energy to withstand the ravages of time. **TRoubles of SIX YEARS NOW ENDED**  
Had Become So Weak That It Was An Effort to Get Around—"Wonderful," She Says.

"If I can help anyone by telling them about Tanlac I am happy to do so, for that's the way I learned about this wonderful medicine," said Miss Idella Swing, R. F. D. No. 5, Mason City, Ill.

"My health began to fail six years ago and I became so bad off that the past two or three years have simply been just one continual period of suffering. I had an awful case of indigestion. Nearly everything I ate soured and caused gas to form and my heart would palpitate so bad it frightened me. I was subject to sudden cramping spells and several times they were so severe I thought I was going to die. I had to live entirely on light diets and became so weak I could hardly drag myself around. My nerves were shattered, my sleep was broken and restless. Finally my condition became so bad that my friends spoke of it and advised me to try Tanlac."

"And I am so glad I did for I now know what it means to enjoy good health. My appetite is just splendid and I am free from indigestion. I can now eat anything without any trouble afterwards. My nerves are calm and steady and I get sound, restful sleep at night. I can hardly find enough work around the house to do now, for I seem to have unusual strength and energy."

Tanlac is sold in Jacksonville by Coover Drug Co., and J. F. Shreve drug stores and by the leading drug store in every town.—Adv.

## The Reduced Cost of Tire Mileage for Your Small Car

Do you realize that Goodyear Tires are priced no higher today than in 1910 and that their mileage actually costs less than it did a decade ago?

During this period Goodyear has been able steadily to increase the amount of mileage built into its tires and, consequently, the cost of Goodyear mileage has actually declined.

In no part of the Goodyear line has this decline been more marked than in the present 30 x 3, 30 x 3 1/2 and 31 x 4-inch sizes of Goodyear Tires, made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for them—get the unusual value contained in their construction and delivered in their mileage.

### CLEVELAND, VIRTUALLY ASSURED OF PENNANT

NEW YORK, Sept. 28.—Cleveland virtually was assured of the American League pennant today by the suspension of the Chicago players in connection with the fixing of the games in the world's series last year.

The Indians increased their lead over the White Sox to a full game today by defeating St. Louis and has one game to play with St. Louis and four with Detroit.

With most of their regulars banned, the White Sox, who rested today will be forced to put a patched up team in the field on Friday for their series of three games with St. Louis. Cleveland must win one game more than its rival to retain first place.

Mrs. H. W. Greeley of Arenzville was a visitor in the city yesterday.

### WILL PLAY PICKED SPRINGFIELD TEAM

Indies Will Play Series of Five Games With Team Picked From Cleaners and Myers Brothers—Will Start Sunday.

Manager Frank Smith announced Tuesday that he had arranged a series of five games with a team picked from the Paris Cleaners and Myers Brothers, two of the strongest aggregations in the capital city.

The lineup will include Johnny Grady who caught for the Indies most of the season, Frank Fernandes and the best players of both teams.

Smith had a game booked with a Decatur team and also booked one with a team from Lincoln. However, he believes this series will give the fans better sport than the original bookings. The series will start next Sunday and will be for blood.

### BACK FROM THE WEST.

Robert Golden of the Douglas Hotel cafe has returned from an extended tour thru Colorado and other points westward. He was early in the season when Pike's Peak was only accessible six miles up, the rest of the way being blocked with snow and ice. He saw a great many rocks, he says, some hills and was on top of a mountain when a storm was raging below him.

### GOODS FOR GERMANY.

Before the world war "made in Germany" was a frequent designation of goods exposed for sale not only in this country but all over the world and even knowing ones used to say that oriental curios supposed to be from far away lands were also made in the dominions of the kaiser, but yesterday the case was reversed when Miss Anastasia McCormick, a popular saleslady with the dry goods store of Rabjohns & Reid, sold a bill of goods to go to

## SYMOND'S All-Metal Auto Shade

At last we have perfected a real all-year-round Auto Shade. Not only was it our intention to protect the eyes from the sun but also to furnish protection for the wind shield in rainy and snowy weather. In developing this Auto Shade we have succeeded in producing an article with following points of merit:

- |                               |   |
|-------------------------------|---|
| A Safety Device               | Does not sag or lose shape                      |
| Makes Driving a Pleasure      | Easy to clean                                   |
| Adds beauty to your car       | Protects eyes from sun                          |
| Comfort for occupants         | Protects wind shield from rain and snow         |
| Makes clear-vision windshield | Protects wind shield from headlight reflections |
| Everlasting                   |   |
| Does not fade                 |   |

## CLEVELAND, VIRTUALLY ASSURED OF PENNANT

NEW YORK, Sept. 28.—Cleveland virtually was assured of the American League pennant today by the suspension of the Chicago players in connection with the fixing of the games in the world's series last year.

The Indians increased their lead over the White Sox to a full game today by defeating St. Louis and has one game to play with St. Louis and four with Detroit.

With most of their regulars banned, the White Sox, who rested today will be forced to put a patched up team in the field on Friday for their series of three games with St. Louis. Cleveland must win one game more than its rival to retain first place.

Mrs. H. W. Greeley of Arenzville was a visitor in the city yesterday.

## The Reduced Cost of Tire Mileage for Your Small Car

Do you realize that Goodyear Tires are priced no higher today than in 1910 and that their mileage actually costs less than it did a decade ago?

During this period Goodyear has been able steadily to increase the amount of mileage built into its tires and, consequently, the cost of Goodyear mileage has actually declined.

In no part of the Goodyear line has this decline been more marked than in the present 30 x 3, 30 x 3 1/2 and 31 x 4-inch sizes of Goodyear Tires, made especially for small cars.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for them—get the unusual value contained in their construction and delivered in their mileage.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly repairs when such sure protection is available? 30 x 3 1/2 size \$4.50 in waterproof bag

## Daily Market Repo

## WHEAT AND CORN

**GO DOWNWARD**

CHICAGO, Sept. 28.—Declines which took place in the wheat market today appeared to be chiefly to the downward swing of commodity values and to financial difficulties at Boston. The close was unsettled, 4c to 1c net lower, with December \$2.23 to \$2.24 and March \$2.17. Corn finished unchanged to 1c down, oats off 1/4c to 1/2c, and provisions at a setback of 25c to \$1.12.

Sellers had the advantage in the wheat pit throughout the day and especially so during the forenoon. New cuts in the price of automobiles gave particular impetus to bearish sentiment and so too did word that liberal imports of wheat from Canada were probable. On the decline, however, there was persistent buying on the part of commission houses. The fact that likewise some of the purchase orders were ascribed to seaboard interests helped rally the market to a considerable extent in the late dealings. Besides country offerings remained light. Despite frost predictions, corn went downward with wheat. Most traders leaned to the view that the bulk of the corn crop was out of danger.

Oats merely reflected the weakness of other cereals. Sharp breaks in quotations on hogs together with grain declines led to a material setback in provisions.

## FOOTBALL SEASON AT WHITE HALL OPENS

Local Men Were Officials at Opening Game of Season—Suspects Taken to Carrollton Jail—Other News Notes.

White Hall, Sept. 27.—The football season at White Hall opened Saturday in a game with Alton high. The Alton visitors brought along all their crack players from both their first and second teams, and they found a snappy and fast bunch in their White Hall adversaries. The game took place on Griswold park at 2:30, and there was a large attendance.

Neither team was able to score in the first quarter, seasawing in the middle of the field. Alton was the first to score in the second period, making a touchdown, but White Hall scored a touchdown, tying the score at the end of the first half, 7 to 7, both drop kicks being successful.

The playing was affected by the extreme heat, the temperature registering 92 degrees. White Hall showed speed, having an exceedingly fast back field, and Alton was several times forced to call for time on account of the fast playing of the locals. In the third quarter Alton scored a touchdown and successful dropkick. In the fourth quarter neither team was able to score, but the ball was moving rapidly toward the goal for another White Hall touchdown when the whistle sounded. Coaches Harmon and Wright of Illinois College, were the officials.

The White Hall schedule for the remainder of the season is as follows:

October 2—Pittsfield at White Hall.  
October 9—White Hall at Roodhouse.  
October 16—Carrollton at White Hall.  
October 23—White Hall at Greenfield.  
October—Open.  
November 6—White Hall at Carrollton.

November 13—Roodhouse at White Hall.  
November 20—Beardstown at White Hall.  
November 25—Palmyra at White Hall.  
Pittsfield played at Roodhouse Saturday, defeating the Roodhouse contingent by the score of 19 to nothing.  
Carrollton played at Carlinville in a rather unsuccessful effort at defeating the Macoupin boys.  
Next Saturday Greenfield plays at Carrollton, and it will be the first time in several years that the two towns have met on the gridiron. Consequently great interest is centered in the outcome.

### Men Are Reticent.

Reticence characterizes the two men who were arrested here last week and later were taken to the county jail at Carrollton for further action in the matter. The circumstances are engrossing local interest. Last Thursday City Marshal Conlee was making rounds of the railroad yards, and in what is known as "Bum Hollow," immediately north of the plant of the Western Stoneware Co., he observed two men evidently in the act of burying something. He placed the two men under arrest on the charge of carrying concealed weapons, and then the officers proceeded to investigate the evidence of buried treasure. His reward was a bottle of nitroglycerin and a quantity of caps and fuses. There were about five ounces of the nitro. The marshal reported the matter to U. S. Marshal Dahlgren at Springfield that afternoon, the arrest having taken place about the noon hour. Two inspectors from the St. Louis office were detailed on the case, and they came here Friday in company with one Illinois officer, photographed the pair and took their Bertillon measurements. The prisoners were then taken to the county jail at Carrollton.

Just what the nitroglycerin was intended for cannot be ascertained. The prisoners would not talk further than to say that they had been together only since the day before their arrest, and yet they manifested uneasiness when behind the bars. They gave their names to the federal officials as Sullivan and Fibre. Their pictures and descriptions are being circulated all over the country.

The charge of nitroglycerin, according to W. T. Jones, the pharmacist who reported on it after the finding of the marshal, was sufficient to destroy the entire town and then some, probably double the charge contained in the Morgan bank blowup in New York City. It is the general opinion that the men intended to do some blowing somewhere in this section of the country, and that they intended to use "Bum Hollow" will not be so free of access in the opinion of the city marshal.

**Overby Funeral Services.**  
Funeral services over the remains of James K. P. Overby were held in the Christian church at 2 o'clock Sunday, conducted by the pastor, Rev. Edgar C. Lucas. Mr. Overby's age was 75 years, and the greatest part of his life has been spent here, he being for years engaged in clay mining work east of the city. His wife has been dead for a number of years, since which time he has resided among his children. Short time ago he went to Kane to visit his daughter, Mrs. Thomas Smith, and there he took ill and died at 11 p. m. Friday. The other children are three daughters, as follows: Mrs. Frank Flynn, White Hall; Mrs. Clayton Carter and Mrs. Harry Carter, both of Carrollton.

### JEFFERSON FAMILY ARRIVES IN CANADA

Reach Home in North After Pleasant Trip Which Covered Several Weeks.

The following letter has been received from James Jefferson addressed to his Morgan county friends telling of the final stages of his journey to a new home in Canada:

Rimbey, Alta., Canada,  
Sept. 22, 1920.

Dear Morgan County Friends:  
We landed at our little Canadian home Sept. 14th and were more than glad to arrive. And our old Chalmers brought us twenty-eight hundred miles without a single accident. Many a time a single slip of the brake would have dashed us into eternity.

The boys were anxious to cross the bad lands in Montana, so we did and they are certainly rightly named. We crossed Montana on the trail known as the wonderland and it was rightly named, for I often wonder how we ever got over it.

We had no trouble at the Canadian line, the inspector didn't even ask us to open our luggage. We crossed the line at Sweet Grass, Mont.

The crops in Alberta are good, that is, all that we saw on the way here. Hay is light in some localities. We have certainly seen some of the country and some of the people too, but the most enjoyable part of it all was to see the way the boys enjoyed

the trip. We camped in some very strange places but the boys didn't miss saying their prayers a single night before going to bed.

I will be glad to hear from any of the Morgan county people and will appreciate any kindly messages they may give to my mother, Mrs. Olive Jefferson.

Yours very truly,  
JAMES JEFFERSON.

## Multiplying the Wheat Yield 21 Times Per Man

"It takes thirteen minutes of human labor to produce every bushel of wheat that comes out of a good American wheat state. In Europe a bushel of wheat required four and one-half hours of labor."  
—Dearborn Independent.

Europe with its pre-war wealth of labor developed intensive hand cultivation to an extent undreamed of because unnecessary in America. In the United States labor shortage developed a type of farming which gave petroleum products a chance to lend a hand.

Increased labor-shortage in the United States has meant increased application of gasoline-power to the farms of the Middle West. Mechanical power has multiplied the wheat yield 21 times per man.

The fact that power machinery, and gasoline to run it, is going on the farms, is responsible in no small degree for the large crops produced for 1920. The great mission of the Standard Oil Company (Indiana) is to produce enough gasoline to supply the farmer with all he can use at the time and place he needs it, and at a low price.

"Domestic consumption of gasoline, far outstripping our production of crude petroleum, has forced gasoline up in price. During the first four months of 1920, gasoline consumption increased 796,030 gallons a day more than production during the same period." (Oil News, July 5, 1920.) While more crude oil is being produced in 1920 than even the most enthusiastic optimist dared predict five years ago, it is not sufficient to meet the ever increasing demand.

Every facility developed by the vast organization of the Standard Oil Company (Indiana) through years of service, is being directed to the end of supplying the farms of the Middle West with necessary petroleum products. Transportation difficulties have been anticipated by this company, so that there has been no serious shortage of petroleum products to the farmer in any of the states served by this company—the dark green tank wagon delivering even to the tractor in the field in emergencies.

Helping the farmer produce and market his crop is one of the essential services rendered by the Standard Oil Company (Indiana) to the people of the Middle West.

## FOOTBALL SEASON AT WHITE HALL OPENS

Local Men Were Officials at Opening Game of Season — Suspects Taken to Carlinville Jail—Other News Notes.

White Hall, Sept. 27.—The football season at White Hall opened Saturday in a game with Alton high. The Alton visitors brought along all their crack players from both their first and second teams, and they found a snappy and fast bunch in their White Hall adversaries. The game took place on Griswold park at 2:30, and there was a large attendance.

Neither team was able to score in the first quarter, seasawing in the middle of the field. Alton was the first to score in the second period, making a touchdown, but White Hall scored a touchdown, tying the score at the end of the first half, 7 to 7, both drop kicks being successful.

The playing was affected by the extreme heat, the temperature registering 92 degrees. White Hall showed speed, having an exceedingly fast back field, and Alton was several times forced to call for time on account of the fast playing of the locals. In the third quarter Alton scored a touchdown and successful dropkick. In the fourth quarter neither team was able to score, but the ball was moving rapidly toward the goal for another White Hall touchdown when the whistle sounded. Coaches Harmon and Wright of Illinois College, were the officials.

The White Hall schedule for the remainder of the season is as follows:

October 2—Pittsfield at White Hall.

October 9—White Hall at Roodhouse.

October 16—Carrollton at White Hall.

October 23—White Hall at Greenfield.

October—Open.

November 6—White Hall at Carrollton.

November 13—Roodhouse at White Hall.

November 20—Beardstown at White Hall.

November 25—Palmyra at White Hall.

Pittsfield played at Roodhouse Saturday, defeating the Roodhouse contingent by the score of 19 to nothing.

Carrollton played at Carlinville in a rather unsuccessful effort at defeating the Macoupin boys.

Next Saturday Greenfield plays at Carrollton, and it will be the first time in several years that the two towns have met on the gridiron. Consequently great interest is centered in the outcome.

Men Are Retained.

Relatives characterize the two men who were arrested here last week and later were taken to the county jail at Carrollton for further action in the matter. The circumstances are engrossing local interest. Last Thursday City Marshal Conlee was making rounds of the railroad yards, and in what is known as "Bum Hollow," immediately north of the plant of the Western Stoneware Co., he observed two men evidently in the act of burying something. He placed the two men under arrest on the charge of carrying concealed weapons, and then the officers proceeded to investigate the evidence of buried treasure. His reward was a bottle of nitroglycerin and a quantity of caps and fuses. There were about five ounces of the nitro. The marshal reported the matter to U. S. Marshal Dahlman at Springfield that afternoon, the arrest having taken place about the noon hour. Two inspectors from the St. Louis office were detailed on the case, and they came here Friday in company with one Illinois officer, photographed the pair and took their Bertillon measurements. The prisoners were then taken to the county jail at Carrollton.

Just what the nitroglycerin was intended for cannot be ascertained. The prisoners would not talk further than to say that they had been together only since the day before their arrest, and yet they manifested uneasiness when behind the bars. They gave their names to the federal officials as Sullivan and Fibre. Their pictures and descriptions are being circulated all over the country.

The charge of nitroglycerin, according to W. T. Jones, the pharmacist who reported on it after the finding of the marshal, was sufficient to destroy the entire town and then some, probably double the charge contained in the Morgan bank blowup in New York City. It is the general opinion that the men intended to do some blowing somewhere in this section of the country, and that they intended to use "Bum Hollow" will not be so free of access in the opinion of the city marshal.

Overby Funeral Services. Funeral services over the remains of James K. P. Overby were held in the Christian church at 2 o'clock Sunday, conducted by the pastor, Rev. Edgar C. Lucas. Mr. Overby's age was 75 years, and the greatest part of his life has been spent here, he being for years engaged in clay mining work east of the city. His wife has been dead for a number of years, since which time he has resided among his children. Short time ago he went to Kane to visit his daughter, Mrs. Thomas Smith, and there he took ill and died at 11 p. m. Friday. The other children are three daughters, as follows: Mrs. Frank Flynn, White Hall; Mrs. Clayton Carter and Mrs. Harry Carter, both of Carrollton.

## JEFFERSON FAMILY ARRIVES IN CANADA

Reach Home in North After Pleasant Trip Which Covered Several Weeks.

The following letter has been received from James Jefferson addressed to his Morgan county friends telling of the final stages of his journey to a new home in Canada:

Rimby, Alta. Canada,  
Sept. 22, 1920.

Dear Morgan County Friends:

We landed at our little Canadian home Sept. 14th and were more than glad to arrive. And our old Chalmers brought us twenty-eight hundred miles without a single accident. Many a time a single slip of the brake would have dashed us into eternity.

The boys were anxious to cross the bad lands in Montana, so we did and they are certainly rightly named. We crossed Montana on the trail known as the wonderland and it was rightly named, for I often wonder how we ever got over it.

We had no trouble at the Canadian line, the inspector didn't even ask us to open our luggage. We crossed the line at Sweet Grass, Mont.

The crops in Alberta are good, that is, all that we saw on the way here. May is light in some localities. We have certainly seen some of the country and some of the people too, but the most enjoyable part of it all was to see the way the boys enjoyed

the trip. We camped in some very strange places but the boys didn't miss saying their prayers a single night before going to bed.

I will be glad to hear from any of the Morgan county people and will appreciate any kindly messages they may give to my mother, Mrs. Olive Jefferson.

Yours very truly,  
JAMES JEFFERSON.
